OFFICERS FACE PRISON TERM IN JAIL DELIVERY

Two Deputy Sheriffs Arrested In Connection With Escape of Convicted Postoffice Robbers at Toledo—Charged With Voluntary Release of the Men

Federal Code Fixes Penalty for the Offense as Two Years In Penitentiary and Fine of \$5,000—No Trace of Bandits Yet Found

TOLEDO.—(By Associated Press.)—Sam Zimmerman and Andrew Szemetko, deputy sheriffs on duty at the Lucas-co jail labor day when Joseph Urbaytis, George Rogers, alias Lewis and Charles Schultz, convicted of conspiracy in the \$1,000,000 post-office robbery here last February 17, escaped, were arrested today on warrants charging "voluntarily suffering federal prisoners to escape."

Warrants for the arrest of the two men who were discharged from the service yesterday by Sheriff Taylor on charges of incompetency and neglect of duty, were issued at the request of the district attorney's office after an investigation conducted by Assistant United States District Attorney Gerard Piliad in conjunction with County Prosecutor Stuart.

Nothing was uncovered in the investigation which would savor of bribery, according to Piliad, who said the warrants recite only the voluntary turn of mind which seized the jailors when the key was inserted in the lock and the door thrown open.

The United States penal code relating to this frame of mind which brings about the voluntary release of federal prisoners by their custodians, carries a penalty of two years in a government prison and a fine of \$5,000, according to Piliad, who stated that the men would be held for the federal grand jury which convenes September 15. Bond for their release, pending further action will be fixed when they are arraigned before Commissioner Gaines late today.

No trace of any of the three-escaped bandits has been found, federal authorities announced today.

COUPLE SLAIN BY HUSBAND

Massachusetts Man, Woman Shot to Death on Car.

DEDHAM, Mass.—(By United Press.)—Mrs. Anna Wells and her attorney, J. Louis Altmeyer, were shot to death in a crowded street here today. The man who did the shooting said he was Charles Wells, the woman's husband.

Witnesses said the man, boarded his car, quickly shouldered into the road and then began shooting. Mrs. Wells and Altmeyer were seated near the front of the car. Two bullets struck the woman. She died as she was carried into a hospital.

One bullet entered Altmeyer's head. He also died at the hospital. The assailant, revolver in hand, jumped from the moving car and started to run. Passengers pursued him and caught him before he had run 100 feet. He fought desperately and was overpowered and taken to a police station.

Mrs. Wells and her attorney were on their way to court in connection with proceedings to make Mrs. Wells a divorcee last February.

When the shooting started in the car, the crowd was thrown into a panic. Six shots were fired. Three men were shot first. Then her lawyer sprang from his car, fell with a bullet in his head. Motorist John O'Neil, who was driving the car, was the first man out, while others jumped after him.

POLICE TO ARREST BICYCLE RIDERS ON SIDEWALKS OF CITY

There appears to be an increase in the number of persons riding bicycles on the sidewalk, opines Safety Director Dorris. In fact, it has come so bad, the safety director said, that matter has been taken up with the police.

As a result, letters have been issued, members of police department to be on the lookout for, and arrest, cyclists who are violating the ordinance bidding the riding of a bicycle on sidewalks.

Numerous complaints have been received particularly from the east side of the city, Dorris said. Yesterday a pedestrian was struck by an out-of-control bicycle. The youngster only escaped after the accident, Dorris said.

A few days ago a girl, while riding on Ottawa, was knocked down and injured, police say.

MAYOR IS OUSTED BY GOVERNOR

Newark Executive Found Guilty of Gross Neglect.

FREED OF BRIBERY CHARGE

Atherton's Regime Periled State's Interests, Verdict Says.

NEWARK, O.—(By Associated Press.)—Mandamus proceedings testing the right of Governor Davis to remove public officials on charges of omission of duty, will be filed immediately in the supreme court, according to attorney Link C. Russell, attorney for Mayor H. A. Atherton, removed from office this morning by the governor.

COLUMBUS.—(By Associated Press.)—Mayor Herbert A. Atherton of Newark, was removed from office today by Governor Davis for "gross neglect" in permitting gambling to run wide open in Newark.

The governor in removing Atherton declared that conditions in Newark under Atherton's administration had "imperiled the interests of all the people of the state."

In a statement, Governor Davis declared that two charges had been brought against Mayor Atherton—gross neglect of duty and misconduct of office. Atherton was found guilty only on the first charge.

The second charge had not been substantiated, the only evidence offered being that given by self-confessed gamblers who were seeking vengeance.

The statement declared that gambling had long been widespread in Newark and that Mayor Atherton had been derelict in not prosecuting the gamblers. The gambling had been open and known to the public, the statement declared.

Governor Davis stated that no arrests for gambling had been made in Newark until about the time the Newark Law and Order League filed the charges against Atherton.

INFORMED OF RAID
Testimony showed, the statement declared, that complaint had been made against one gambling house located almost across the street from the police station, but that the police did not take action for 45 minutes and that in the meantime the gamblers had been informed of a coming raid.

Charges of bribery against Atherton were not substantiated, Governor Davis declared. The only testimony offered to this effect, he indicated, had been given by self-confessed gamblers seeking revenge.

WIDRAWAL SOUGHT
NEWARK, O.—(By Associated Press.)—Action is expected in Newark in a few days to secure the withdrawal of Mayor H. A. Atherton from the ticket, following his removal from office today by Governor Davis.

There has been talk of the nomination of an independent candidate against Atherton should he refuse to withdraw. H. H. Scott, president of council, who has been acting mayor during the period of Atherton's suspension, will continue to serve until the expiration of Atherton's term January 1.

In the August primary Atherton was nominated on the Democratic ticket, defeating W. P. Winn and C. P. Yause by a plurality of 300.

Only 1600 votes were cast for Mayor out of about 13,000 in the city.

Atherton has declared that he will continue his campaign for reelection for his third term, seeking vindication at the hands of the voters.

Officers of Minnesota Town Killed in Attempted Arrest.

SLAYER MAKES HIS ESCAPE

Warrant Sworn Out On Story Told by Daughter.

HIBBING, Minn.—(By United Press.)—Posses made up of hundreds of armed residents of Hibbing and vicinity today scoured the surrounding country for John Webb, who shot and killed three police officers in a gun battle here late last night.

Webb escaped after killing Chief of Police Daniel Hays, Chief of Detectives Gene Cassidy and Traffic Officer William Kohert.

The officers attempted to arrest Webb at Nelson, Minn., near here, on a statutory charge.

The police officials were killed as they entered Webb's home. Webb shot from behind a pile of furniture where he barricaded himself.

The charges against Webb were made by his eighteen-year-old son, on statements made by a sister, 13 years old, regarding her father's alleged misconduct.

Webb is a widower with six children. He was said to have been acting strangely lately and last night terrorized his family.

The children spent the night in the woods.

JUMP SHOWN IN BRICK WORKS

Encouraging Situation Revealed By Questionnaire.

CLEVELAND.—(By Associated Press.)—Improved prospects for plant operation in the paving brick industry during the coming winter, over conditions which have prevailed for the last few winters, are indicated by a recent questionnaire to members of the National Paving Brick Manufacturers' Association, according to an announcement made today by Maurice B. Greenough, secretary.

Replicas from seventy-one companies having a normal output of 4,570,000 tons show that fifty-six companies, with an aggregate capacity of 3,630,000 tons, expect to be in full production during the next six months.

Nine companies representing 639,000 tons report the prospects of operation as doubtful.

Six companies, with 291,900 tons of capacity, expect to be shut down. Last winter approximately sixty per cent of production was closed down.

SNOW IN MONTANA

State Hit By First Autumn Storm of Year.

HELENA, Mont.—(By Associated Press.)—With rain or snow in many parts of the state and unseasonably low temperatures, Montana today is having the first autumn storm of the year.

Colder tonight with the mercury near freezing, is the weather bureau's forecast for the state. The Rockies near Helena and the foothills were white. In the forenoon snow fell in the valley here. The low temperature was 34 degrees at Helena.

CONSTITUTION DAY SET
COLUMBUS.—School teachers all over the state are asked to devote the first hour of next Friday's sessions to the observance of Constitution Day in a letter mailed today by Education Director Vernon M. Riegel.

Constitution Day has been proclaimed. Constitution Day has been selected for the ceremonies in the schools since there is no school on Saturday.

CHARLESTON, W. Va.—The 26th Infantry, the 88th aero squadron and a chemical warfare service section returned to their stations after being sent into West Virginia to quell disturbances last week.

JOBS SEEKING MEN AT WINNIPEG

This Canadian City Doesn't Have Any Unemployment.

BUSINESS SLUMP IC OVER

Steady Improvement Found There by Richard Spillane.

(By RICHARD SPILLANE)
WINNIPEG, Sept. 9.—There is no unemployment in Winnipeg. So declares Edward Parrell, mayor. In fact there are more jobs than men.

In proof of this he read telegrams from General Manager Murphy of the Canadian Pacific asking for 500 track men at 35 cents an hour, and General Manager Warren of the Canadian National, saying he could use 400 to 600 at the same rate and also required machinists and boiler-makers.

All the mayor could supply was five men.

And yet the dominion and provincial authorities and the municipalities expect considerable unemployment this winter and are to meet to discuss methods of relieving possible distress.

The explanation is that harvesting the crops takes up the labor slack today but with lumber and grain prices at very low production there is no likelihood of work for all who return from the agricultural districts to the cities.

Winnipeg has a wheat crop well above the average in size and of fine quality. Beef prices are poor and high freight rates aggravate this situation. The bankers' association has taken action on the cattle matter by issuing instructions to extend generous credit to stock raisers who they have anything approaching reasonable security.

There also has been some modification of railroad rates on cattle.

While western Canada gave promise a month ago of remarkable grain yields this was changed considerably by extensive hail storms. The damage was not so great as reported at first and fair returns are certain from nearly all sections except the dry districts of southern Alberta and southern Saskatchewan.

Winnipeg is a great town. Here the east ends and the west begins. The produce of a farm belt that stretches 1000 miles west pours thru Winnipeg and the supplies for a vast farm region are purchased in Winnipeg. The city has been thru various booms and later depressions, has had its share of growing pains but it is hustling, bustling place today.

It is a part of the American dream, wholly Canadian. It does a big business but is poorly balanced. It has a tremendous asset in 500,000 horsepower of hydro electric energy on the Winnipeg river at distances varying from 52 to 75 miles from the city, yet it has comparatively few manufacturing plants of size.

The city has a power plant of 47,000 horsepower and the Winnipeg railway has a 67,000 horsepower plant. They sell power to consumers at varying prices. In some instances comparatively large consumers get power at the almost unbelievable low rate of one half cent per kilowatt hour.

The city sells power to nearly 40,000 consumers and in many houses it is used for light, for cooking, heating, etc.

This municipal enterprise has been a fine financial success.

Of industries food and grain mill products are by far the largest. Next come slaughtering and meat packing, dairy products, bag manufacturing, lumber and foundry and machine shops. There is only one tannery and one dye works despite the great traffic in cattle. The union stock yards are the largest in Canada and have capacity for 10,000 cattle, 6,000 hogs and 4,000 sheep a day.

Some day when Winnipeg utilizes its water power fully it is certain to be a big manufacturing center but at present it seems content with the trade of western Canada.

But if it is content with the trade, it protests against some of the forms under which it is compelled to do business. There is bitter complaint of the banking system. The banks of Winnipeg and western Canada generally are branches of the great banks of eastern Canada. The Winnipeg people say the banks of western Canada are managed by men sent from the east who have no direct interest in the country and who look forward to promotion that will take them back east. The real management of the banks, they declare, is remote from the regions served.

They want Manitoba banks for Manitoba, they want banks of their own. At present however they are not in position to furnish them. They say the American system is much better. They would like country banks such as dot our west conducted by men close to the soil.

They are not satisfied either with (Continued on Page Four)

ANNUAL REUNION OF OHIO LEGISLATORS OPENS

PUT-IN-BAY.—The annual Ohio legislative reunion at which present and former legislators, state house attaches and newspaper men meet to talk politics, make inroads into the ranks of Lake Erie's flimsy tribes and make merry generally, opened here today. General sessions during the day will be followed tonight by a smoker and tomorrow morning the legislators will be guests of the Perry Memorial Commission. The meeting closes tomorrow night with a banquet.

LIMIT IS REACHED, DE VALERA TOLD

Writing of Notes Now At End, Lloyd George Asserts.

DEMANDS DEFINITE ACTION

London Speculating On Reply of The Sinn Fein.

LONDON.—(By Associated Press.)—Ann Pearn Ireland is called upon to state whether his demands upon the British government contemplate separation from Great Britain, according to the view of newspapers here. The text of the reply of the British cabinet to Eamon De Valera's latest note, made public last night, was considered as a demand for a definite reply from the Irish republican leader, and a plain declaration that the writing of notes between Dublin and London cannot be continued. It was believed that Prime Minister Lloyd George had smoothed the way for an acceptance by Mr. De Valera and his colleagues of the invitation to confer with members of the British government at Inverness on September 20.

The text of the cabinet's reply to Mr. De Valera was prominently displayed in the papers here today, and the opinion was generally expressed that the government had gone as far as possible. There was considerable speculation as to the nature of Mr. De Valera's reply to the note, and much advice was given him by the various journals.

"It is impossible to say," said the Daily News, "that the present note asks anything whatever of Ireland that is not freely conceded by Australia, Canada and the ruling majority of South Africa. This may not be the basis for an agreement, but it appears monstrous to say it is not the basis for discussion."

MUST DECIDE

The Daily Chronicle says that in the answer they sent to London, Mr. De Valera and his friends must decide "whether they are for or against a settlement."

If the earnest desire of all but a fraction of Southern Ireland, as determined the matter," remarked the Daily Telegraph, "the British government's invitation unquestionably would be accepted without delay. We shall see how far Mr. De Valera and his colleagues are prepared to recognize their responsibility in this regard to the nation for which they claim to speak."

The London Times declared that Mr. Lloyd George generally had done to an agreement between Great Britain and Ireland as wide as he can.

CHURCH ACTION TAKEN

LONDON.—(By Associated Press.)—The world's conference of Methodists at the outset of this morning's session adopted a resolution declaring the conference hoped that complete success would crown the negotiations between the British government and the Irish republicans for a solution of the Irish question.

The delegates unanimously ordered that copies of the resolution be sent to Prime Minister Lloyd George and Eamon De Valera, the Irish republican leader.

The question of a Methodist union was the chief topic of today's program. S. D. Chown, of Canada, who presided spoke on Christian unity and six speakers discussed "The Aspects of a Methodist Reunion."

The speakers were Henry Smith, president of the United Methodist church, Bishop E. D. Mounson, Methodist church South, Sir Robert Perks, James R. Joy, Henry J. Taylor of the Primitive church, and Bishop J. C. Clement of the African Methodist church of Zion.

MOSQUITO KILLING PLAN IS FLIVVER

WAPAKONETA.—(Special.)—Relief from the mosquito pest here was in sight, until the latest idea of Dr. C. L. Mueller, local health commissioner, flivvered.

Mueller suggested the purchase of gild fish for the stocking of streams and ponds where the insects breed. He claims they are voracious devourers of mosquito larvae.

After taking a survey of the resources of the city, he suggested and pursuing gold fish price lists. Doc's enthusiasm oozed.

COURT ACTION IS STILL DELAYED

Mayor and City Solicitor Fail to Arrive at Decision.

COUNTY NOT TO LEND AID

Prosecutor Denies Entry Into Fight on Gas Company.

Court action had not been taken by the city Friday to oust the Lima Natural Gas company from the city. Solicitor H. E. Garling, following his return from Columbus, stated that no action had been taken so far, and he was unable to say when steps will be taken.

He spent considerable time in consultation Friday with Mayor Burkhardt, talking over the situation, but no decision was announced. COURT ACTION PLANNED

Ouster proceedings will come in the form of a court action. Garling stated and may not be brought before the public utilities commission. According to Garling, there are a number of ways in which litigation can be instituted.

In its appeal from the rate ordinance passed by council July 18, the gas company asks the utilities commission for permission to discontinue service, if a settlement as to rates cannot be made that is satisfactory.

A date for the hearing has not been set by the commission.

Should the city and company fail to agree on the rates, the commission might grant the company's plea to discontinue service, Garling stated and under ouster proceedings unnecessary.

ATTACK FRANCHISE
The ouster proceedings against the company, Garling said, if filed will be brought against the Lima Natural Gas company alone. The question of validity of a perpetual franchise held by the Lima Gas Light company may be raised, however, according to Mayor Burkhardt. Councilman Earl Rubin was of the opinion that the resolution applied to both companies.

Prosecutor Eugene Lippincott denied Friday that his office had been asked to proceed in the gas ouster. The matter is up to the city, he said. Until officially asked to get into the matter, however, he did not desire to give an opinion as to whether or not the county should start action.

SEVERAL PERISH IN YACHT FIRE

Vessel Burns to Water's Edge On Lake St. Clair.

DETROIT, Mich.—(By Associated Press.)—The harbormaster's department continued the search today for wreckage or other means of identifying a small yacht destroyed by fire late last night on Lake St. Clair. No reports of persons being picked up by passing vessels had been received and authorities are inclined to the belief the occupants of the yacht had perished.

Only one vessel, the steamer St. Clair, was able to get near the scene of the fire before it burned out, and several passengers on the steamer declared they heard a woman's call for help.

A boat sent out from the steamer searched the lake for an hour but found no trace of the yacht's passengers.

The small craft was burned to the water's edge, the fire obliterating her name and destroying other markings by which identification might have been made.

MOTORISTS WARNED TO SLOW DOWN WHEN IN SCHOOL ZONES

Motorists had better watch their speedometer when they approach the school zone.

This warning was issued Friday morning by Chief Roush.

Drivers of a vehicle must not exceed 12 miles per hour while driving within a school zone, the chief said. During the summer months when the youngsters were on their vacations, motorists were allowed to maintain their usual speed while passing thru a school zone. However, the chief declares, with school reopened, drivers must slow to 12 miles.

Patrolmen have been instructed to watch this, the chief said, and he expects to arrest every violator.

LIMA MAN ESCAPES FROM STATE HOSPITAL

Toledo state hospital officials have notified Probate Judge J. H. Hamilton of the escape from that institution, on September 6, of Cloyd McClain, an inmate from Allen-co.

Information contained in the latter suggestion that McClain might have returned to the home of relatives here.

BOYS ARE FOOLED BY WOMEN

Professor Says Ninety Per Cent Are Homely.

SHORT SKIRT—UGLY FACE

Mystery Her Chief Power And She Knows It.

CHICAGO—(By United Press)—A lot of women have fooled the boys for a long time, according to Professor Carl N. Wernitz, of the Academy of Fine Arts here.

Ninety per cent of the women are homely—that is, if you are able to see enough of them—Professor Wernitz declared today, and that wasn't half of it.

The professor, who qualifies as an authority on women's dress and will advise hundreds of delegates to the Fashion Art League's meeting here next week, went bravely on record with the following statements:

A woman is just like a house to be shingled—you have to find something which will harmonize with the structure and you have to get an artistic result somehow.

Mystery is woman's chief power, and she knows it—that is why we will never have a nation of women wearing knickerbockers—they reveal too much.

Each woman must deal with those portions of her body which in her case will create the impressions of beauty—if a woman has an unattractive face, she may have an excuse to wear short skirts.

A woman who wears extremely short skirts, low cut gowns and otherwise exposes her form, is acknowledging she cannot win the attention of mankind (with accent first syllable) by less startling means.

The illusion of beauty which 90 per cent of the women must try to achieve, can be obtained by the combined effect of themselves and their garments," Professor Wernitz explained. "Garments are the important thing."

'CENSURE UNJUST'

Roush Says Police Department Is Seriously Hampered.

That the police department is being censured unjustly regarding its laxity in combating the speed fiasco, is the belief of Chief of Police O. J. Roush. Several complaints coming from various sections of the city have reached the chief's ears, he says.

"We want to arrest speeders," the chief declared Friday, "but how are we going to do it when the department hasn't a motorcycle? How are we going to do it when the department hasn't a speedometer on its touring car? Complaints regarding both the motorcycle and the speedometer have been made to council, but that body does not see fit to increase the police appropriation; so our hands are tied."

The chief is at a loss to know just how many bills which are accumulating against the police department are to be paid. The appropriation granted by council, Roush says, is not large enough to take care of these.

WALKOUTS BEGIN

Building Trades Men Reject Landis' Wage Decision.

CHICAGO—(By Associated Press)—Holding engineers and pipe trades unions had apparently stopped work on all large building jobs in the city today, following the wage cut announced by Judge K. M. Landis in his arbitration decision Wednesday. Numerous walkouts were reported from various parts of the city, although the two groups—the electricians and bricklayers—have already approved the new wage scale.

MEN AND MATTERS.

Mayor F. A. Burkhardt will be a speaker at the annual picnic of the Columbus Real Estate board, to be held near that city, September 18. He received an invitation from the board to address the realtors on that date.

Miss Kate Wagon, age 22, of Bartlesville, Okla., has the distinction of being the only full-blooded American Indian girl assistant secretary of a chamber of commerce.

URGE SELECTION OF SEED CORN NOW; CULLING OF POULTRY IN PROGRESS

Farmers of Allen-co are being urged by the Allen-co Farm Bureau to pick their seed corn now, according to the monthly letter issued by the bureau. Emmett P. Reed, a crop specialist from Ohio State University, has been secured by the bureau to give eight demonstrations on the proper selection of seed corn in the county.

Three of these demonstrations are scheduled for Jackson, two for Bath, and three for Marion. Reed believes that the parent stock is more important than the ear in selecting the seed, according to his statements to County Farm Agent L. S. Van Natta.

Poultry culling demonstrations are being held on schedule and great interest is being shown, according to C. L. Northrup and Van Natta, who are in charge of the demonstrations.

To date more than 1,000 people have attended the meetings and about 1,000 hens culled from the flocks as non layers. The demonstrations will close next week.

The County Farm Bureau will prepare for dealing with the Hessian fly this year by issuing a circular letter dealing with the situation.

The letter will contain valuable information regarding the dangerous insect.

New varieties of wheat are popular with the farmers of the county this year, according to reports. Demand for seed has greatly increased, due to the work started last fall in Jackson, Richland, Monroe and Marion.

In every case reported the old when grown side by side with the new varieties have out-yielded the old when grown side by side with the old.

PRESIDENT WON'T NAME VETERAN

Refuses to Appoint Ex-Serviceman For Arms Parley.

WASHINGTON—(By Associated Press)—President Harding has made it known that the main American delegation to the armament conference probably will not have more than four members, and that one of the four probably will be a Democrat.

In reply to an appeal from Representative Jeffers, Democrat, Alabama, that a former service man be named as one of the American commissioners, the president under date of September 2, wrote Mr. Jeffers that "it does not seem likely that it will be practical to bring an ex-service man of temporary experience into the conference because of the very limited number in the delegation, and the further fact that the larger military and naval information necessary to justify prudent action will necessarily come from actual service men who devote all their time to naval and military problems."

The president also told Mr. Jeffers he was writing the letter "on the presumption that the main delegation will be a very small one, probably not exceeding four in membership."

After commenting on the selection of Secretary Hughes as head of the delegation, Mr. Jeffers said: "Because the matter is wholly patriotic and national in scope, I should be very dissatisfied if I could not have outstanding representation of the present minority in congress."

No mention, however, was made as to who, in addition to Secretary Hughes and Senator Lodge, would be chosen as members of the delegation but the belief prevailed in Washington today that Elihu Root, formerly secretary of state would be given a place. One report was that Mr. Root actually was offered a place at his conference yesterday with the president and Secretary Hughes but this was without official confirmation. Senator Vandenberg, Democrat, Democratic leader of the senate, has been prominently mentioned every time the question of Democratic representation on the delegation has arisen.

The Alabama senator had evidenced in senate debate considerable interest in armament limitation.

COUNTY TO AGAIN OFFER \$100,000 BONDS IN AID OF HIGHWAY IMPROVEMENT

Bonds to amount of \$100,000 to create funds for the construction of the Lima-Elida road, will be re-advertised for sale by Allen-co commissioners.

Time for receiving of bids was on Wednesday. Not a single bid was offered. Commissioners believed that, judging by the number of inquiries, bidding would be brisk for the sale of the securities.

They held to the idea that money was loosening up and that no trouble would be encountered in disposing of the bond issue. All inquiries concerning the bonds had come from big bond houses and brokers in the east.

"We can't offer them a higher rate of interest than six per cent, for that would be against the law," Commissioner A. J. Gray said Friday. "But we will advertise them a second time, hoping we may secure bidders and thereby effect a sale of the securities."

The case can't sell them, the road can't be built, that's all," Commissioner Gray said.

The money from the sale of bonds was to be used as Allen-co's share of the construction of the highway, the remainder of which was to be paid by the state.

ALLEN-CO AHEAD OF THE LAW

Religious Services at Jail Required Under New Statute.

Religious Services at Jail Required Under New Statute.

Allen-co is ahead of the law in the matter of holding religious services in county jails weekly.

A new law, making it compulsory that such services be held, became effective in Ohio this week. Services are to be under the direction and control of the probate judge of each county.

Judge Hamilton declared Friday he did not know of the passage of such a law.

However, services have been held weekly on Sunday morning in the jail ever since Sheriff Charles W. Saxter has been in charge. The custom was also in effect during the terms of office of Sheriff Sherman Eley.

"We have beaten the law to it and these services are weekly occurrences, looked forward to by the prisoners," Sheriff Saxter said.

"The Rev. A. D. Welty of the Lima Rescue mission, or one of his converts, conduct the services. The prisoners take a great interest in the revelation of the gospel as told by the Rev. Mr. Welty and his assistants," Saxter said.

So that, instead of donning a frock coat and a silk hat and saluting forth as an erstwhile preacher, Probate Judge Hamilton says he may designate some one to carry on the services, at any time the Rev. Welty decides not to do so.

Under the provisions of the new law, the probate judge is made director of all religious and welfare work among the prisoners.

EDUCATIONAL CAMPAIGN TO BE STAGED ON NEW SCHOOL TRUANCY LAWS

An educational campaign to acquaint rural parents with the provisions of the new state truancy laws is to be launched by C. A. Arganbright, county superintendent of schools, and Frank H. Chapman, probation officer.

It is pointed out by Arganbright that 95 per cent of the people are not advised as to the laws and that many inquiries are daily coming in to his office.

No steps will be taken to make trouble for persons who are not aware of the provisions of the new law, but after sufficient time and explanation have been given, the truant officer will be ordered to enforce all laws pertaining to truancy of rural pupils.

SEE END OF MARKET-ST LIGHTING CONTROVERSY IN SALE OF OLD POSTS

Negotiations between the city and W. Market-st merchants, for purchase of the five-lamp white way lights owned by them, are to be wound up Friday, according to Councilman John W. Reed, chairman of the council light committee.

The offer of the city to pay about half of the original cost will probably be accepted by the business men as a majority is said to be willing to take the price offered. Final action is not announced as several of the owners had not made a decision Friday. After the owners accept, council as a whole will have to ratify the work of the committee.

The system originally cost about \$3,000 to install and has been maintained by the business men for the past five years.

The city will take over the posts and set them up in Faurel park. Council at the last regular meeting voted to compromise with the owners, rather than risk a long drawn-out law suit which might delay completion of the new boulevard light system extension until 1922.

BLUFFTON AND RAWSON MEN HELD FOR THEFT OF AN AUTOMOBILE

Albert Burkholder, Bluffton, is injured and in jail at Springfield, in default of \$2,000 bond. When arraigned in police court there, Judge Davis refused to accept his plea and sent him to jail.

Ray Blymer, Rawson, also injured when a car in which the two were riding leaped a hedge fence, near West Liberty, is in a hospital in Springfield until able to be arraigned in court.

The two are charged with having stolen an automobile belonging to Frank Andrews, Wapakoneta, from in front of the Lagonda club, Springfield. Burkholder was arrested as soon as he recovered at a hospital in Bellefontaine. The two were declared to be riding in the stolen car when the accident occurred.

SUMMER COLDS ARE DANGEROUS, HEALTH COMMISSIONER WARNS

A warning has been issued by District Health Commissioner Dr. J. J. Sutter against the ordinary "cold." These "colds" are common in September as summer merges into fall and winter.

More people probably suffer from common colds than from any other single ailment," Sutter said. "The majority of people think that a cold is a necessary thing to have and let it take care of itself without attempting to cure it."

"The common cold often proves in the end to be one of the greatest menaces of health," he said. "A cold should never be treated as a simple matter, but should be carefully and guardedly treated."

To prevent colds, Sutter advocates people to dress according to the weather, not the season; avoid contact with people who have colds; keep the bedroom well ventilated; get plenty of rest; eat a soup and avoid common drinking cups, roller towels, etc.

The epidemic of fall colds has arrived a little earlier than usual this year, according to reports received at the county health office. This is probably due to sudden cooler weather and then a return to hot weather.

BIG INCREASE IN OHIO CORN CROP

Five Million Bushels Above The Average Is Shown.

COLUMBUS—(By Associated Press)—Ohio's corn crop this year will be approximately 146,400,000 bushels, almost five million bushels more than the average crop for the past five years, according to the September crop report of C. J. West, state federal agricultural statistician, issued today.

"Corn has responded to the improved weather conditions and shows an increase in condition of 10 points since the last report," the report said.

The condition of corn in the eastern and south central parts of the state is better than in the western and southwestern sections, owing to the fact that until recently most of the rains have been local.

The improvement between August 1 and September 1 resulted in an addition to the estimated crop of 15,000,000 bushels over the forecast of August 1. The average crop for the past five years was 141,900,000.

Results from threshing tend to confirm worst fears regarding the oats crop and the indications are for about half a crop, the report states. This would mean a crop of about 32,000,000 bushels. Last year's crop was 71,340,000 bushels.

The condition of potatoes is about as poor and a crop of about 6,620,000 bushels is indicated, compared with a five year average crop of 10,700,000 bushels. The condition of potatoes is estimated at 52 per cent as compared with 51 per cent a month ago and a ten year average condition of 70 per cent.

CLEVELAND ATTORNEY TO ADDRESS ROTARY

Under the auspices of the Ohio committee on Public Utility Information, G. C. Maxwell, Cleveland attorney, will be the speaker at the noonday luncheon meeting of the Rotary club, Monday.

Maxwell will speak on "The Community and Its Utilities." He was secretary of the state public utilities commission at Columbus for four years before engaging in the practice of law in Cleveland last March.

ST. MARYS PRIEST IS CRITICALLY ILL HERE

Rev. Father Clement Beckmeyer, 48, pastor of Holy Rosary church, St. Marys, is in a critical condition at St. Rita's hospital, suffering from a ruptured appendix. Rev. Beckmeyer was brought to St. Rita's, Friday morning. He has been ill for several days.

The auxiliary of the American Legion is represented by approximately 170,000 women members of 3400 units.

BUDGET BOARD IS IN SESSION

County Commission Uses Axe On Requests For Funds.

County Commission Uses Axe On Requests For Funds.

The Allen-co budget commission, now in session at the court house, is engaged in trimming down funds sought by the various tax districts.

The commission has already spent more than a week in work and it will be probably longer than that before any tentative plan can be agreed upon by the commission.

The budget commission, according to law, consists of the auditor, treasurer and prosecuting attorney. This year the commission is Republican in complexion, Auditor C. R. Phillips being the only Democrat on the board. Prosecutor Lippincott and Treasurer Botkins are Republicans.

Taxing districts of the county and the city submit to the commission lists of their needs for the coming year for the various funds and for school purposes. It is practically impossible, according to the commission, to grant their requests for the full amounts and it is necessary to cut them down proportionately.

From the report of the commission, the tax rate for each district is made up, basing the rate upon the amount of money needed.

READY FOR BOWLING AND BILLIARDS AT Y; TENNIS TOURNAMENTS NEXT WEEK

Bowling alleys at the Y. M. C. A. will be ready for use again by Saturday or Monday, General Secretary Louis C. Bradshaw stated Friday. Men from the Brunswick Balke Colender company are here, planing down the surface of the four alleys and polishing them. After the alleys are slicked they will equal any in the state.

The billiard room at the Y. is also open and is ready for the fall and winter season. Tennis tournaments are planned for afternoons and evenings next week, at the Horace Mann school grounds, both singles and doubles. Entry is open to all players of the city, whether members of the Y. or not. Entries close this week.

SAFER SEES NO HOPE FOR GETTING MOTOR BIKE FOR LIMA POLICE

Safety Director David W. Dorris despairs of getting an appropriation for a new motor cycle for the police department during this term. "I don't believe that the machine will be bought much before January 1," he said. "The ordinance is only on the first reading and that means another month. Then there will be 30 days delay before the money is available."

In the meantime, rival dealers keep the director busy, when they can, talking the merits of their cycles.

A majority of council is said to be favorable toward purchasing a new motorcycle and side car, but their number is not sufficient to suspend the rules and get speedy action.

BUILDING PERMITS SLUMP

September building permits have shown a decided slump, according to James I. Heffner, city clerk who states that but one application has been made during the first week of the month.

GRUBB ASPIRES TO BE 'MARRYING JUSTICE'

SPENCERVILLE—(Special)—In aspiring to be the "marrying justice" of Amanda-up, Thomas Grubb, chosen by the Democrats of that township as their candidate for justice of the peace publicly proclaimed when tendered the nomination that if elected justice of the peace he will marry all young couples free of charge and besides make them a handsome present.

WHEELS OF JUSTICE HALTED UNTIL MOTHER OF PRISONER ARRIVES

John Houston, 22, 1107 Forest ave. will be tried at a later date upon a charge of carrying concealed weapons and transporting whiskey illegally. Houston was captured by Deputy Sheriff Clarence J. Fraunhofer, Wednesday night, when he had driven to a lonely spot, off the Elm-st road, where, according to pre-arrangement, he was to deliver a quantity of whiskey, Fraunhofer says.

Houston is charged with pointing a gun at Fraunhofer. His two companions escaped in the dark, under a hail of bullets from the capturing party. The whiskey, property of Joseph Kaufman, 1105 W. High-st, is said to have been stolen from a vault at the Ohio Steel company's plant the latter part of August.

Houston pleaded not guilty when arraigned before Justice Ernest M. Botkin. Date of trial will not be set until, after the arrival of Houston's mother.

WORKERS BOUGHT AT AUCTION

Method Adopted in Boston To Secure Employment.

BOSTON, Mass.—(By Associated Press)—The auction block for men who are without work but seeking it was resumed on Boston common today.

A woman auctioneer, Miss Viola Roche, held the hammer and the men, who were again stripped to the waist, related their several abilities to labor and called for bids. The crowd which thronged around the bandstand contained many women who took an active part in the bidding.

Unlike the auction of yesterday, work for a week or more at wages that bidding carried as high as \$25 a week was obtained by several men.

The party of unemployed went from their West End headquarters to the common thru the noon day crowds in the business district gathering a considerable audience as they went. The first three men to be put up found jobs among the bidders, two getting two weeks work with board, clothing and pay at the rate of \$25 a week from a theatrical producer and another \$25 a month with food, clothing and lodging for undescribed labor.

Many persons who took part in the bidding contributed to ward feeding the workless men.

ATTENDS TOLEDO MEETING Mrs. Irene Mills Jackson, secretary of the Red Cross Home Service office, attended a meeting of Red Cross workers of northwestern Ohio held in Toledo, Friday.

Miss Gable states that the library will be very grateful to persons donating books, especially fiction number which are in good condition as the calls for these far exceed the supply.

UNEMPLOYMENT GIVES IMPETUS TO NUMBER OF LIBRARY PATRONS

An increase of 3450 in the circulation of the Lima Public Library during August, 1921, as compared with August of 1920, was announced Friday by Miss Martha Gamble, librarian. The adult fiction circulation was 2,065, as compared with 2,400 during the same month last year. This increase in a great measure is probably due to the number of persons out of employment during the past six months.

The entire circulation for the summer, including juvenile and adult readers was 15,025, while last summer the total was 11,576. Fifteen new books by religious writers like Keake, Pratt, Hoyt, McConnell, Hutton, Glover and Snowden were presented to the library by the Lima Ministerial association.

Miss Gable states that the library will be very grateful to persons donating books, especially fiction number which are in good condition as the calls for these far exceed the supply.

YACHT AMERICA ON LAST VOYAGE

Final Cruise to Annapolis, Md., Begins Tomorrow.

RETURNS TO NAVY CUSTODY

Turned Over to Uncle Sam For One Dollar.

BOSTON—(By Associated Press)—The last voyage of the schooner yacht America which, by lifting the Royal Squadron Cup in English waters, opened the way to the long international competition for the cup that now bears her name, will begin at this port tomorrow.

Her final cruise will take the America to Annapolis, Md., there to return to the custody of the Navy Department after nearly half a century of private ownership. The trip will extend over 20 days, in which the famous schooner yacht will call at various coastal ports, the yacht clubs of which for the most part have participated in the arrangements for her transfer.

SAILS DOWN

It will not be the proud yachting queen of the seas, sails full of wind, that will run down the coast. Because of the necessity of passing under several bridges her masts will be lashed to the deck and sails stowed in lockers. A sub-chaser will take America in tow.

The yacht, her bottom cleaned and caulked after being laid up 20 years in local waters and otherwise made ship-shape again, will leave the shipyard at 9 a. m. tomorrow for the waterfront here from which departure will be taken in the afternoon for Marblehead. The itinerary thence follows:

STOPPING POINTS

September 11, at Manchester, Mass.; September 12, passes thru Cape Cod canal and calls at Monument Beach and Marion; 13, at New Bedford; 14, at Fall River Yacht Club, Tiverton, R. I.; 15, at Providence; 16, at Newport; 17, New London; 18, New Haven; 19, Stamford; 20, Indian Harbor; 21, Oyster Bay; 22, Larchmont or New Rochelle; 23, New York Y. C., at 23rd Street; 24, Gravesend Bay, with call at Battery; 25, Newark; 26, Trenton; 27, Philadelphia; 28, Wilmington; 29, Baltimore; 30, Annapolis.

At Annapolis, the America will be formally given over to the government. Secretary Denby who accepted the schooner yacht some time ago is expected to be there in person. The transfer will be made by Charles H. W. Foster, a yachtsman of this city, who has owned her for four years. His offer to give her to the Navy Department free and clear was made conditional on his acceptance of \$1.

JOB SEEKING MEN AT WINNIPEG

(Continued from Page One.)

the Ottawa government. They predict an agricultural majority or, at least, agricultural control of the next parliament.

"We are so far from the seat of government," they say, "that we should be put in the strongest possible position to help ourselves. Things could not be worse than they are today in legislation affecting us. Ottawa is out of touch with us and is not disposed to learn of our needs. Conditions in this respect could not be worse. Ottawa is not disposed to consider that we have any rights to lands, oils, natural resources within our territory but claims them for the dominion. Besides the government is most extravagant and one-sided."

Together with objections to Ottawa the Winnipeg people say that

the government at Washington blunders egregiously in its attitude toward Canada.

"Naturally," they say "much of our commerce is with you yet by your embargo on Canadian wheat you force our grain thru Canadian ports. Your tariff puts a heavy impost on our products. Our own tariff makes our imports too costly. Some of us thought our tariff would aid us, especially as it would broaden our market for some goods we make in competition with you, but our eastern Canada people have taken advantage of the situation to raise their prices so that they get larger profits by reason of the duties. An instance is furnished by some machinery bought in the states on which transportation from Pennsylvania to Winnipeg together with the duty paid and even then the price was a fraction below that which a Canadian manufacturer charged."

Unquestionably Manitoba is somewhat critical of its treatment at the hands of Ottawa and Washington. It speaks plainer in its complaints. JOBS SEEKING GALLEY TWO against Ottawa but feels more resentment against Washington.

One of the most prominent men

of Winnipeg said his trade attitude that he thought of most of the people was:

First, preference for Winnipeg products.
Second for east Canada.
Third for Great Britain.
Fourth for the United States.
They are stamping goods now "Made in Canada," "Made in Winnipeg," "Made in Calgary" etc.
A great change has come in Canada owing to the war. There was a big movement of men from the farm to the army. When the men came back they remained in the cities. There has been a mistake in immigration too. Thousands of families from Europe have been permitted to come to western Canada, eastern Canada, too, who are not equipped physically or financially for farm work and who will not take up industrial activities.

The vast number of wounded soldiers has aggravated this situation. All this will be adjusted in time but at present it is troublesome. Of the persons who had to be supported in Winnipeg last winter 32 per cent were ex-service men.

But western Canada is so big and its production so large and its needs

so great that these troubles are not of major consequence.

The credit people of Winnipeg say they are satisfied the slump is over.
From July 16 there was a gradual but steady improvement in business. Orders for goods increased and these are being sustained. Buying started earlier than expected. There has been an improvement in collections and a good demand for general supplies, dry goods, especially. Boots and shoes are selling well.

Perhaps as good a review of the present situation as any possible to be obtained is that furnished by James

H. Ashdown, one of the earliest residents and most prominent citizens of Winnipeg. He started in business in 1869 with \$1,000. Today he has a great establishment and employs many men. He handles more hardware than any other man of the western country, wholesale retail. "Are conditions better?" he said. "Oh yes they are better. They are pretty good and make a fair average. We are beyond danger. The business outlook is brighter and we will get back slowly and gradually to a sound basis. This is a growing country, quick to respond to any change. The farmer in some instances, was up

well. All things considered, we should have twice the population between here and the Pacific that we have today. Yes, conditions are better."

Mr. Ashdown has been mayor of Winnipeg twice. He is an ultra conservative, as one would expect of a great merchant and very rich man but he shares the belief of many others that Canada is going to have a parliament soon dominated by the agriculturalists.

Some big construction work is under way or contemplated in Winnipeg. The Winnipeg River Power company is constructing a \$10,000,000 hydro electric plant and the Hudson's Bay company is about to start work on a retail store building to cost \$5,000,000.

There is nothing particularly the matter with Winnipeg or Manitoba. (Copyright, 1921, By Public Ledger Service)

NEGRO CHARGED WITH ATTEMPT TO ENTER AN INHABITED DWELLING

Charged with attempting to break into a house at 115 N. Central-ave. Joe Taylor, 21, negro, Memphis, Tenn., was arrested and lodged in city prison by Patrolman Dotson, Thursday night. The house which the negro is alleged to have endeavored to enter, is occupied by Caroline Smith, Etta Hanson and May Martin.

According to police, a report was received from the house. Patrolman Dotson was detailed to investigate. When the officer arrived, Taylor, police say, had torn the screen from a window and was attempting to enter the house.

Taylor will probably be arraigned before Judge Jackson in police court either late Friday afternoon or Saturday morning.

SALES TAX PLAN CONSIDERED

Proposed Changes in House Bill Before Senate Committee.

MELLON IS HEARD BY BODY

Measure Expected to be Completed Within Week.

WASHINGTON. (By Associated Press) — Having heard Secretary Mellon's recommendations for further tax revisions, the senate finance committee was ready today to consider actual changes in the house bill as well as broad policies of tax action.

Chairman Penrose hoped to have the bill completed in a little more than a week — so that it might be ready for the senate when congress reconvenes late this month.

There was a very free discussion yesterday with Secretary Mellon regarding the changes in the house measure suggested by him and it may be that the committee will seek further information from him on some of the points.

The committee also expects to take up Senator Smoot's proposal for a sales tax and the present plan is to add some new administrative features, including a provision for a tax investigative commission which was left out of the house bill in the rush of committee amendments at the last hour of consideration.

In presenting his recommendation in treasury secretary adhered to the figures on expenditures agreed upon at the White House tax conference last August 9. His suggestions for changes in the house bill contemplated a total revenue yield of approximately \$3,200,000,000 for this fiscal year and \$3,000,000,000 for the calendar year, or about the house bill figure.

THEY SHIMMIED LONG AGO—SO IT'S O. K.'D

LONDON. Only a few weeks back the Association of Dancing Masters pronounced an edict against the shimmy. Now three hundred professors of dancing, in solemn convocation, have declared that the dance, artistically danced and tastefully subdued, is as proper in every sense of the word as the fox trot, the one step, or the tango.

The professors say the shimmy and similar dances are of ancient origin, the shimmy having been "shaken" at the Court of Henri Quatre.

These Shoes Last Longer

Your boy wears out three pairs to your one—that's why your shoe bills are high.

You can cut them down if you buy him E-J shoes. They will stand the "gaff" he gives them for a long time. They are so well made that when soles finally get thin, a good shoe-repairer can resole them.

Ask your retail shoe dealer to show you.

WOULD JOIN NEW WORLD SOCIETY

South and Central American States Seek U. S. Support.

LEAGUE IS TOO EUROPEAN

Ready to Co-operate in Harding's Organization Plan.

GENEVA.—(By Associated Press)—Should President Harding see fit to create a new society of nations, Colombia will be among the first to apply for membership.

A. P. Restrepo, chief of the Colombian delegation to the League of Nations assembly made this declaration today in discussing a report that Colombia, among other South American states, might withdraw from the league because of its rejection of the Argentine amendment to the covenant of the league, providing that all sovereign states should be members of the league unless by their own volition they abstained from membership. He said Colombia did not regard the rejection of the amendment as sufficient reason to leave the league.

ALL WOULD JOIN

Senator Restrepo added that he believed all the other South and Central American states would follow Colombia into the new society, should it be formed. Asked if this could be construed as meaning these states would withdraw from the present league in such event, Senator Restrepo said:

"We would have to wait and see, but, nevertheless, it is a question if public opinion in South America would support two leagues."

"The South American countries are finding that virtually all questions before the league, are purely European in interest," continued Senator Restrepo. "Nearly all our interests, commercially and politically, lie in the other continent and in a sense are common with those of the United States. Colombia, for example, came into the league only because we thought the United States would be a member, and would, in a sense, be the leader and protector of all the states of North and South America. We see now that we were badly mistaken and that the United States probably never will join the present league. This causes us, to think, and naturally we are deeply interested in the outcome of the forthcoming Washington conference."

WITHDRAWALS DOUBTED

Augustin Edwards, head of the Chilean delegation to the league of nations assembly, and Carlos Aramayo, chief of the Bolivian delegates, said this afternoon they regarded reports to the effect that Chile and Bolivia might withdraw from the assembly because of the rejection of the Argentine amendment, as without foundation. Neither of them had received instructions from their government up to noon today. Inquiry among the other South American delegations failed to reveal any country contemplating withdrawal because of the fate of the Argentine program, but attention was called to the fact that such a decision naturally would be taken by the home governments and the delegates to the league probably would not know of it until instructions to withdraw arrive in Geneva. Senator Edwards expressed confidence that revision of the treaty of 1904 between Chile and Bolivia never would come to a vote of the assembly. He said he expected the problem would be disposed of in a day or two, but refused to indicate what action he thought the assembly would take.

"Treaties must be respected," said Senator Edwards, "and the treaty between Bolivia and Chile is a matter for two countries alone, not for the league."

NOTWAY ACCEPTS

Dr. Fridtjof Nansen, on behalf of Norway, today filed with the league of nations that country's acceptance of obligatory jurisdiction clause of the permanent international court of justice for a period of five years. Dr. Nansen appealed to the world thru the assembly for 30,000,000 pounds which he said was required to buy the 2,000,000 bushels of wheat to save Russia from starvation. He declared Europe was menaced with the greatest disaster in its history.

He introduced a resolution that the assembly refer the question of relief in Russia to a committee at the same time appealing to the various governments for immediate aid

and deferring the question of the guarantee Russia can offer for the sums loaned.

President Van Karnebeck announced that the election of judges for the permanent international court of justice would be held Wednesday next. The Venezuelan delegate announced his government's ratification of the court.

Because American gifts adopted the style of bobbed hair, importations of human hair from China and elsewhere to the United States dropped from 222,000 pounds to 7090 pounds a month.

RAINS CHECK MARCH OF MINERS' ON TOWNS

ELIZABETHTOWN, Ill.—Armed quiet continued to prevail here and at Rosiclair today, following heavy rains yesterday which stopped a threatened march of striking Fluor spar miners on these two towns.

Deputy Sheriffs continued to patrol the roads and hold hills and other points of vantage but word from the miners' camps last night was to the effect that the men were returning in groups to their homes.

County officials believed that the trouble might be ended. Frank S. Dickson, assistant general is expected today to join an investigation after which a decision will probably be made as to whether troops are needed.

CARD OF THANKS

We wish to thank our neighbors and friends for their acts of kindness, and the singers of Blue Lick and Rev. Driver for his comforting words in the death and burial of our Husband and Father, Mrs. John Protzman and Children.

COMMISSION EXPECTED TO APPROVE PHONE MERGER

COLUMBUS.—Approval by the public utilities commission of the merger plans of the Ohio State and Ohio Bell Telephone Companies was

believed certain today following presentation of the company's data and arguments.

The hearing before the commission was completed yesterday with the exception of arguments on the motion of the Columbus city attorney for the dismissal of the application so far as it affects Columbus.

Albuquerque, New Mexico, has the distinction of having the only one-woman street cars in the United States.

M'CULLOUGH MADE TRUANT OFFICER

Moulton Man Given \$1,200 Job in Auglaize Co.

WPAKONETA. (Special) Eugene McCullough, near Moulton, was selected by the county board of education as county truant officer. His salary is \$1,200 a year, out of which he must pay expenses.

Mrs. John B. Krautwasser, former resident of this city, died at her home in Cincinnati, according to information received by relatives here.

Two factors are believed by County Superintendent Glenn Drummond to be accountable for the unusually large attendance at all schools this term. They are the new school law which makes it compulsory for children to attend until 18 and the lack of work.

Arrival of the Rev. A. H. Weaver of Hyde Park, Cincinnati, in this city to take the place of Rev. W. W. Motter, who goes to Fremont, has been delayed until Tuesday.

Appointment of Henry Woehler to the city board of health was confirmed by council. He is the five-year member.

Charging gross neglect and failure to provide, Mrs. Marie Howell is seeking divorce from Dewey Howell. The parties reside in St. Marys. Mrs. Howell asks restoration of her maiden name, Marie Dillavon.

NOMAN SAVES \$6,000 BY TRICKING BANDIT

WINDSOR, Ont. — George Allen, \$6,000 richer today because Mrs. Allen had the nerve to perform a feat of legless man with a bandit's pistol, pressed against her head. Kneeling before a safe in her home at the robber's command, with pistol at her head, Mrs. Allen pried the safe and swept \$6,000 to her lap. Then she handed the other \$900 with which he escaped in an automobile.

DIVIDENDS DECLARED.
CLEVELAND.—Directors of the Erie Railroad yesterday declared cash dividends of \$1,774,360 on \$3,000,000 registered from the government an adjustment of all claims and accounts during federal trial, it was announced today. Payments will be made September 30 to stockholders of record September 1. The back dividends include \$49,895 on first preferred in 1918 and \$274,995 in 1919; \$549,990 on second preferred in 1918 and \$69,480 second preferred in 1919.

Take Yeast Vitamon Tablets If You Want That Firm Flesh "Pep" Which Gets The Paying Job

EASY AND ECONOMICAL—RESULTS QUICK.

Thin, run-down folks who find that business is bad and employment is scarce should try taking two tiny yeast VITAMON tablets with their meals for a short time and watch how their physical and mental condition improves.

VITAMON supplies in highly concentrated tablet form the yeast vitamins combined with the other health-giving vitamins which Science says you must have to be strong, well and fully developed. If you are weak, thin, pale, generally run-down or feel lacking in brain power and ambition and want that firm flesh "pep" which gets the money, you surely need some of these potent vitamins in your system at once. VITAMON mixes with your food, helps it to digest and supplies just what your body needs to feed and nourish the shrunken tissues, the worn-out nerves, the thin blood and the starved brain. Pimples, boils and skin eruptions seem to vanish like magic under this healthy VITAMON tablets will not cause gas or upset the stomach, but strengthen the digestive and intestinal tract and help to correct even chronic constipation. They are easy and economical to take and so quick and remarkable are the results that complete satisfaction is absolutely guaranteed or the small amount you pay for the trial will be promptly refunded. Be sure to remember the name **Martin's VITAMON**—the original and genuine yeast-vitamine tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Martin's VITAMON tablets at all good drug stores, such as Red Cross Pharmacy, Hunter's, Mykrantz, Enterprise Drug.

Why not be a strong, well-built fellow with plenty of "Pep" and energy—a clear skin glowing with ruddy health and vigor—instead of having a thin undeveloped body that shows your lack of nerve force and physical power? Just take Martin's Yeast VITAMON Tablets for a short time and watch the truly amazing results.

BROKERS ARE SUED FOR OPEN AIR OPERATIONS

NEW YORK — Brokers who failed to follow the New York "curb" indoors but who have continued to trade in stocks in the open air on Broad-st., delighting nightseers with their sign language, are defendants in a suit brought by abutting property owners on file in the supreme court today. The plaintiffs, who set forth that the value of their property aggregates more than \$18,000, ask for an injunction, asserting that the open air market is a nuisance interfering with the rights of realty owners and the public.

ALIENATION SUIT TO BE FOUGHT

Mrs. O'Connor Will Oppose Claim For \$10,000 Damages.

Mrs. Rose O'Connor, 523 W. High-st., will contest the \$10,000 damage suit against her Saturday by Mrs. Rose Jones, charging alienation of the affections of Joseph A. Jones, husband of Mrs. Rose Jones. J. Harry O'Connor, attorney, brother of Mrs. Rose O'Connor, has obtained permission of John T. Cotter, county clerk of courts, to remove the petition and all papers in the case from the court house. O'Connor is now preparing an answer in the case, which he says, will be as sensational as was the original suit filed against Mrs. O'Connor. Mrs. O'Connor was Rose O'Connor before her marriage. Her husband was Michael O'Connor. She is reputed to be wealthy.

MAN NABBED FOR AUTO THEFT

Wanted in Bluffton, Ind., is Arrested in Delphos.

DELPHOS—(Special)—Rullo Meuk, alias R. Earl, was arrested here Thursday, wanted at Bluffton, Ind., on a charge of stealing an automobile. After Meuk's arrest it was found that he had registered at a local hotel as R. Earl. He denied having taken the car, but later said that it was not in Ohio.

Meuk is charged with stealing a Dodge car after he had traded it in on a Chevrolet. He agreed to accompany officers to Bluffton without extradition papers.

Frank Williams, near Landeck, had the index finger of his right hand mangled when it was caught in gears of a corn cutter, working in a field. Surgeons amputated the finger near the knuckle joint.

Mrs. Margaret Patterson, 63, of Kenton, died here Thursday at the home of her sister Mrs. Joseph Roth.

the result of asthma and from the effects of a fall on July 6, when her spine was injured. She was a member of the Rehebekah lodge. The body will be taken to Union City, Ind., Saturday, for burial.

Frank Kalt, injured in an accident at a stone quarry near Ottoville several weeks ago and taken to the City hospital in Lima, has been returned to his home here, having practically recovered from his hurts.

John Laudick, Delphos boy, suffering from tuberculosis, is reported critically ill in Spearville, Kansas.

Stephen H. Wahnhoff has purchased the interests of his father, F. S. Wahnhoff, in the Pioneer drug store here. The elder Wahnhoff will retire, account ill health.

I desire to thank the many friends and neighbors for their expression of sympathy by sending flowers and by their kind words and help; also the choir of St. Matthews Lutheran church and Rev. Eckhart for the comforting songs and words and any others who assisted during the illness and death of my father, William Rantch.

Mrs. A. M. Wonnell.

USED CAR OWNERS SLOW TO REPORT

Near Thousand Fail to File Ownership Certificates.

Owners of used cars are lagging in their observance of the law requiring them to file certificates of ownership with John T. Cotner, county clerk of courts.

This conclusion is reached after a summary of the first ten days of the operation of the new law, as shown by figures given out by Deputy Clerk Clarence Frey.

Required certificates have been filed by 7,024 owners of both used and new cars, in the office of the county clerk. But few bills of sale have been regarded. According to estimate made at the Thompson garage, W. Market-st., where automobile licenses are sold, there are more than 8,000 owners of all kinds of cars in the county. Only a few certificates of ownership are now filed each day in the clerk's office.

Police officials have given motorists to understand that they will enforce the letter as well as the spirit

of the law. At the rate motor owners are complying with the law, indications are that there will be many laggards who will suffer the penalties of the new law, which provides for fines of from \$50 to \$1,000 and imprisonment from 30 days to five years.

DECORATORS IMPROVE LIGHTING-EFFECT IN COUNTY COURT ROOM

The Allen-co common-pleas court room now presents a cheerful appearance, improvements having been completed under the hands of skillful decorators, who have had it in charge the past ten days.

The dingy stencil work has been supplanted by panels of light buff, surrounded, for the purpose of emphasis and background, with a coloring of light brown.

Outline of the room is being changed and a number of improvements installed.

When the dark days of late November and early December come on, the court room will present a better lighted appearance, under the glow of electric bulbs. Heretofore, because of the dingy walls, the room was one of the most uninviting places to be imagined on a dull, rainy day.

Judge F. C. Becker, upon assuming office, desired the change, which is appreciated by everyone who has gazed upon the cheerful new interior. The room will be ready for use within the next week or ten days.

The fall term of court will convene on Monday, September 26, at which time the grand and petit juries will also meet.

Our Thanks To You!

Today marks the fifth year since our opening in this city. They have been very joyous years and our growth has been very encouraging since we started. Opening our store with just the main floor it was necessary to expand owing to our large business and then we opened our Second floor to take care of our customers with a greater variety of merchandise and better service. We feel that the public has been served because our clientele is increasing. Look over this message and come tomorrow to "help us celebrate" our anniversary—you'll save money.

COST OF LIVING IS AGAIN GOING UP

Food Prices Already on Increase In Larger Cities.

SEEN AS NORMALCY MOVE

Means Stability of Business Economists Declare.

(By L. C. MARTIN.)

WASHINGTON.—(By United Press.)—The cost of living will be higher this winter.

This is the virtually unanimous prediction of government officials, economists, bankers and business men, as a result of careful study of the price situation and general conditions.

However, economic experts in public and private service see in a price rise a sure indication that the country is sliding back to normal once more.

Food prices are already on the increase in the principal cities, the United States labor department announces officially today. Breadstret's index of wholesale prices now shows an increase after 13 months of steady decline.

MEANS STABILITY. Roger Babson, B. C. Forbes and other economists have noted and announced the same trend and predicted its continuance.

The encouraging thing about high prices, economists say, is that it means "equilibrium and stability." They explain that prices which declined sharply are now coming up to meet those which did not fall so far. No expert has yet satisfactorily explained why those which did not fall should not now go down to meet those that did, instead of the low ones coming up to meet the high ones.

American consumers might as well abandon hope that pre-war prices will again prevail, the experts warn. Government figures show the cost of living never has dropped to the 1913 level. The same figures show also that there is a bigger margin of profit today somewhere between the wholesaler and the consumer than there was in 1913.

BOOST FORECAST. DAYTON.—(By United Press.)—"The average merchandise price is lower than it will be in six months."

Business conditions in the middle west and Pacific coast indicate this, C. A. Hawkins, president of one of the largest manufacturing concerns in Ohio, declared today, after a survey in 15 states.

"Merchandise in all lines is being sold at retail today below the cost of reproduction," Hawkins told the United Press today. "The cost of materials has been reduced, but not as much as finished goods. The cost of labor has not gone back enough to justify present merchandise prices, and I do not believe it will. It will be impossible for prices of merchandise to remain at present low levels."

Hawkins declared the predicted price rise would be a stabilization step. He refused to anticipate the extent of the increase forecast. He declared business conditions were sound, but a campaign of confidence was necessary. "It is all a state of mind," he said. "The country has everything it had a year ago—except a favorable

WAVE OF ENTHUSIASM SWEEPS OVER NATION

Thousands Write Grateful Letters of Appreciation As Famous Medicine Continues to Accomplish Remarkable Results—Great Tanlac Laboratories Running at Top Speed to Supply Record Breaking Demand—Over Half a Million Bottles Behind With Orders.

By CHARLES MURRAY GILBERT

ATLANTA, GA., September 9.—"Tanlac made me feel younger." It put me back on the payroll." "I now have a fine appetite." "I can eat whatever I want." "No more dyspepsia for me." "I gained weight rapidly." These and scores of like expressions are now heard daily from tens of thousands, as grateful users of Tanlac tell of their experiences.

Leading drug men of the country are amazed at the tremendous sales of Tanlac, and point out enthusiastically that nothing has ever equalled the phenomenal demand for this preparation.

At the great Tanlac laboratories at Dayton, Ohio, letters and telegrams are pouring in daily asking that shipments of Tanlac be rushed at once. Many of these orders are for full carload shipments, and quite a few of them for two and three carloads. Although running at top speed, the Tanlac laboratories are now over half a million bottles, or approximately twenty-four carloads behind with orders. This announcement will no doubt be received with great surprise in the drug world, because business in many lines, especially in the drug and medicine business, has been off from 40 to 50 per cent.

Agents In Every Town.

One druggist in every city, town and village in the United States and Canada where agencies have not already been established will be awarded the exclusive publicity agency for Tanlac within the next thirty days. These agencies will carry with them a big publicity campaign exclusively for the one druggist in each city and town who secures the agency.

Tanlac is going right ahead more vigorously than ever before. For Tanlac there is no such thing as business depression. In fact, Tanlac does not believe there is such

mental attitude. The ability to work and produce, consume, enjoy and spend still is as great as ever.

He suggested an easing up of credits by banks "so there will be an adequate medium of exchange to transact the country's business now waiting to be transacted, would aid greatly."

"Every one has been waiting for business to get back to normal without realizing it is back to normal in one respect—business is back on the basis that it was before the war, when every merchant and every salesman had to work for every cent of business he secured."

Women represent two-thirds of the retail buyers in this country.

a thing as hard times; at least, not in the drug business. Things are getting better every day. In a few weeks' time crops will begin to move. Hundreds of millions of dollars will be put into circulation, and business will soon be back on a better and sounder basis than in years.

Notice to Dealers.

Many wholesalers and manufacturers stopped pushing at the very first sign of a dark cloud. The result being that many drug lines slumped. Tanlac went right ahead and the result has been that more Tanlac has been sold during the first six months of the present year than in any corresponding period in the past.

Line up with Tanlac. Connect with a product that sells no matter how the times because of its superior merit.

Always, Tanlac has been on the market over six years. It is an actual fact that more Tanlac is being sold today than during any time in the past.

Tanlac will not only prove your greatest seller for this year, but for many years to come.

Tanlac is sold in Lima by Hunter's drug stores and by the leading druggist in every town.—Adv.

RATES ON INSURANCE AGAINST THEFT BOOSTED

NEW YORK.—New Yorkers who want to insure their belongings against theft, beginning next Monday, will have to pay ten per cent more than in the past, it was announced today.

Declaring the increased number of robberies here was playing havoc with profits, the Burglary Insurance Underwriters' Association decided on the increased rates at a meeting yesterday.

The rate on wines and liquors was boosted to \$75 for each \$1,000 of insurance.

TAKES BIBLE WITH HIM TO DEATH

Sylvester Brown Goes To Chair Calm and Composed.

SLAYER OF OHIO POLICEMAN

Electrocuted at Columbus—Ohio News in Brief.

COLUMBUS — (By Associated Press) — The body of Sylvester Brown, 27, negro, electrocuted early this morning at the Ohio penitentiary, will be shipped to Youngstown today. Brown suffered the death penalty at 1:07 a. m., for the murder of Alexander R. Warren, Youngstown policeman, on May 3 last.

According to the story Brown told, he, with three other negroes, planned a holdup and robbery at Youngstown but when one of the party failed to show up, they abandoned their plan. While returning from the scene of the contemplated crime the party encountered Patrolman Warren, who told them to halt. Brown drew his pistol and fired four times into the policeman's body before the officer could pull his own gun once.

The party escaped but were soon captured and Brown was admitted to the penitentiary from Mahoning county May 21.

Yesterday Brown's wife appealed to Warden Thomas for permission to witness the execution, saying that she wanted to be with her husband in his last moments, but her plea was refused. Earlier in the day Brown had given his consent to her presence at the time of his execution.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

WANTS TO HELP OTHERS WHO ARE IN THE SAME CONDITION

Johnstown Man Tells of the Nature of His Suffering and How Nerv-Worth Gave Quick Relief.

"I had been so nervous for a long time that I could not get any restful sleep," said W. M. Wierman who resides at 504 Napoleon street, Johnstown, Pa., and who is one of the city's most substantial citizens. "This came on me to the tired in the morning and I had that dragging and run down feeling. Coupled with these troubles I had a poor appetite, my digestion was in bad shape and I suffered severe pains in my back so that I could not work. On top of it all my kidneys did not work right. I finally got a bottle of Nerv-Worth and took it as directed and now I want to tell you that I am pleased to say I am alright again. My appetite and digestion are good, I sleep soundly and my nervousness is gone. I am no longer suffering with pains in my back and my kidneys are acting properly. I am making this statement for the benefit of others in the same condition so that they will know what Nerv-Worth will do." This statement in itself tells the whole story. If your nerve force is low, your whole system suffers. If you are not enjoying perfect health as you should, give Nerv-Worth a trial and if your first bottle does not benefit you, your money will be refunded. Be sure to get the genuine Nerv-Worth. The large bottle comes only in the \$1.00 size. Nerv-Worth is sold and recommended by Hunter's Drug Store, Lima; C. M. Young, Van Wert; Gasson's Drug Store, Lima; Drug Store, Kenton; Powell's Pharmacy, Ellettsburg; Minard's Pharmacy, and all leading druggists everywhere.—Adv.

OPEN LETTERS

To Henry Ford

DEAR HANK: Since you are getting interested in Lima, to the extent of visiting my city occasionally, to get a closeup of the conduct of the affairs of your railroad here, I am respectfully suggesting that you give free rein to your inclination to build a terminal here.

Lima needs the D. T. & I. and the D. T. & I. needs Lima. You'll find my city a mighty good one to tie to.

LIMA BEANE.

To Mothers

FRIENDS: I realize that it is trying to keep your eyes upon your children at all times. It is next to impossible, but when I see little ones, three or four years old, running about for hours at a time, crossing streets and otherwise exposing themselves to danger which they do not realize, I know that someone is not doing their duty. The few of you who allow this practice would profit much by exercising a little more care.

LIMA BEANE.

To Prof. J. E. Collins

DEAR SIR: To you, as head of Lima's splendid school system, I am extending my hearty congratulations on the wonderful increase in the first day attendance at my schools. I understand that the increase is nearly a thousand over last year.

Also, permit me to express my appreciation of the fact that the text books lists are so arranged that the cost of books this year is not much greater than a year ago. I am glad that you have been able to hold publishers to their contracts.

LIMA BEANE.

To Rev. W. A. Deaton
To Rev. G. M. Gardner
To Rev. S. A. Beck

REVEREND SIRS: You are principals in changes about to be made in pulpits of M. E. churches of my city.

To Rev. Deaton I wish to express my sincere regret that you are transferred from the pastorate of Epworth church to the Delphos pastorate, but wish you every success in your new field of labor.

To Rev. Gardner, I am extending a most hearty welcome to my city. I understand that you are coming here from Defiance, to succeed Rev. Deaton at Epworth church. I trust that you will find a pleasant residence and agreeable work here among the splendid people of the church you are to serve.

To Rev. Beck, who I understand is to fill the vacancy in the pastorate of the Second-st church, occasioned by the death of the Rev. Charles Fulkerson, a hearty welcome is extended. Experiences you gained in your work as a missionary in Korea should be of value to you in your pastorate here.

To Rev. Walter D. Cole and Rev. D. N.

Kelly I am expressing my pleasure that you have been returned to the pastorates of Trinity church and Grace church, respectively.

The return of Rev. David F. Helms for another year as district superintendent, is also pleasing to me as well as to all members of the M. E. church and citizens generally of Lima.

LIMA BEANE.

To Straw Hat Men

DEAR FRIENDS: My sympathies are with those who are inclined to hang onto the old and comfortable straw hat, even though the final day has come and gone for this year on which fashion decrees that straws must be retired.

So long as Old Sol continues to shed his heat shafts and there is no indication of a "straw hat fush," I'm braving the danger of being accused of violating fashion's dictates.

LIMA BEANE.

To Lima Merchants

FRIENDS: Announcement that you are to inaugurate sales courses in Lima schools indicates to me that you are going about it in the proper manner to supply material for positions in the future as salesmen in the various stores of my city.

A large percentage of pupils, after completing their education, seek employment as clerks. Hence, this course, under the direction of a competent instructor, will be of great value to my young people.

LIMA BEANE.

To Candidates

DEAR FOLKS: Now that the bars are up and those who may have had the "itch for office" but failed to file, are too late, they will have to be content with voting for those who got under the wire in time to have your names placed on the ticket in the November election.

Now just a word: Determine to conduct your campaign in a fair and square manner, treating your opponents as you would have them treat you. Then there'll be no aftermath of grief.

LIMA BEANE.

To County Commissioners

DEAR BOYS: That it is your intention to enforce the provisions of the Burke law, regulating weight of motor truck loads and width of tires permitted on the roads of the county, is pleasing to me, in common with everyone who has occasion to use the highways with a vehicle of any sort.

I trust that you will adhere to your resolution and that violators will be brought up with a short turn. Keep the highways in the best possible condition.

LIMA BEANE.

To Threshermen

MY FRIENDS: I understand that about 200 of the members of your organization, with their families, are to assemble in my city Saturday, at Fautot park.

I'm real glad to have you here and trust that you will find your stay a pleasant one. Will be glad to have you come again for future meetings.

AN OPEN LETTER

W. G. H. Wash., D. C.

Dear Warren: I hope I am not assuming too much when I say that I expect you will soon appoint me to some important diplomatic post in Europe. I do not think you should overlook this chance to hook on some first-class talent. Anybody who can get along like I do without being arrested is surely some diplomat.

Of course I want a first-class place. I have always felt I would like to wear a plug hat and make a speech once in a while, but I have never had a chance to do either.

Do you think I had better be an ambassador or a minister? Which has to do more work? I want to be the other one. Of course, it is up to you to pick out the place for me. I would like to go to one of the Scandinavian countries, for I am very fond of sardines and herring. And it would be possible to bring

home a first-class housemaid from that locality.

I was a little disappointed when you sent George Harvey to England because I sort of had my eye on that place. I have been a lifelong Republican ever since last November. I notice by the pictures that George wears very loose, floppy trousers. I would like to have mine fit a little tighter if it is not against the rules. I know where I can get a good plug hat off a hack driver who is going out of business, so that would be a saving. If you want a corner of a diplomat, I am a first-class dip. Thanking you in advance, and hoping you will not make it Mesopotamia or Herzegovina, I remain, Sincerely,

R. K. M.

REFLECTIONS
As a wild flower by a stream,
Leaning to view its own fair face,
Sees in the watery mirror's gleam
The sad, inevitable trace
Of Time's rude touch, the while she sheds
Her petals all, and fades and dies,
So the vain woman sees and dreads
The delicate tracery round her eyes,
Knowing, by the first sign of age,
Time's finger moves to turn the page.

JUST FOLKS—BY EDGAR A. GUEST

FAIR DEALING

Believe in his promise until he breaks it.
Believe him honest until he lies.
Honor his name until he makes it
A symbol for conduct which men despise.

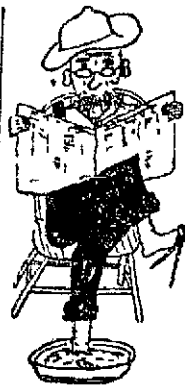

Believe him fair till he deals unfairly.
He has a right till he proves untrue.
To be met as a man who will meet you squarely.
He should be judged as he deals with you.

Give him your faith until it is

shaken.
Trust him until he betrays your trust.
Take his word as you'd have yours taken.
Let your dealings with him be just.

Give him credit for fair endeavor.
Make him your friend till he proves untrue.
He may be worthy your trust forever.
Brand him not till he's false to you.

HEALTH HINTS

By William Brady, M. D.

ABOUT THE MORNING BATH

A reader says her husband has been for years a devotee of the practice of taking a cold plunge bath every morning on rising. "But lately," she continues, "he has heard that you ruin your health by this habit. Is that true?"

"I'll tell the world not to worry about that. There isn't a ghost of a chance that I'll ever ruin my health that way. Just why I should climb out of a nice warm bed in the morning and subject my nice warm skin to the shock of a cold wetting is more than I have ever been able to conceive, and I value health highly, too, yes, and pep, and vigor, and courage and everything."

The morning cold bath habit is like joining Europe. People seemingly affect these things for the pleasure of talking about the accomplishment or distinction afterward. Then, too, I sometimes think a bad conscience, has something to do with a trip to Europe or a cold morning bath. I notice particularly that in many novels the most immoral hero or heroine does a tremendous amount of bathing, on the theory, I suppose, that the bath will wash the sin away.

Now, I am a believer in soap and water for the hands, and behind the ears and here and there. I am a believer in cleanliness rather than disinfectants or antiseptics. I even practice and advocate daily air baths, because the air is nature's greatest cleanser, and besides, the air feels fine, summer or winter.

But it does not feel good to plunge into a cold water bath immediately after rising, and I have a suspicion that the plunge wastes more energy than it conserves or builds, in most cases.

Instead of showing your nerve or courage by plunging into cold water on rising in the morning, why not show your self-discipline by forcing your lazy body thru a few vigorous exercises while you enjoy your morning air bath in your room? Of the two tests of courage, in my judgment, it requires greater courage to go thru the regular stunt of exercise each morning than it does to jump into a cool bath and jump out again and polish your shivering hide with a warm towel. Leave that for your swimming days. Take your conditioning exercises every morning in the average, keep fit. I dare say the average cold morning bath enthusiast of my age and status is not in such good physical condition as I am, and I do not bathe below the neck more frequently than the law demands. I don't believe the human skin was intended for an aquatic or amphibian animal, but for a land animal. This is all of my own individual belief or opinion in the circumstances. It is a matter of opinion, and every doctor has his own opinion. Mine is that, with reason, the more rarely we wet our bodies with water the better for our health. More or less body-washing is rendered unavoidable, of course, by our civilized life.

What she read was:
"Ned, my dearest Ned! It is now two weeks—14 days, 336 hours, each one like an eternity—since we parted. I am at home, Ned, in the old place, with father, and already the old restlessness is upon me, the restlessness which you have so often explained and understood, and sometimes scolded me about. But I can't fight it now, Ned, not alone. I need you—I need you—I need you. Never have I realized how deeply before. Without you life is nothing. I, quite worthless. And, oh, Ned, your kiss I would give everything in the world to feel it on my lips now. No one else in all the world needs you, or could possibly love you, as I do. And yet we are as widely separated as the north and south poles. How long, how long will this continue, Ned? Write to me and tell me all the things that trouble you, dearest man. For I know just what you are feeling now. And I, alone, can help you."

A WIFE IN THE MAKING

By PHYLIS PHILLIPS

THE PINK NOTE

Ned went off that same evening, and Cherry managed to keep the tears back until she got back to the emptiness of their own room. Once there, however, she threw herself into a low chair and sobbed as if her heart would break. Ned's last kiss had been so cold. He had seemed to take a piece of ice. Of course, she had been none too sensible, but she was a girl, and she knew just what you are feeling—and I alone can help you."

Here the young wife groaned aloud in her despair. So Ned had confided to this girl all his deepest feelings. Had no doubt discussed his unhappy hours with his wife with her. How more than awful. How shameful!

ABE MARTIN

Mr. Lemmie Peters, whose contribution essay, "We've Left the Day an' the Ocean Lies Before Us," back in 1913, is fresh in the memories of our people, has accepted a position as landscape gardener for the Acme filling station. The Lark was held up last night and robbed of \$102 and a gold watch, but as luck would have it, he'd left a half pint at home on the piano.

HOT FIGHTS ARE IN PROSPECT

Tickets Filled in Nearly All Towns and Townships.

ELECTION BOARD DROPS BAR

Seven Candidates For Three Places in American-tp.

Tickets for practically every township and town in the county had been filled when the board of elections closed Thursday night. Neither party in Harrod village filed. J. M. Madigan, chairman of the election board, stated and the ticket in American-tp was not complete.

While candidates filing nomination petitions gave their party affiliations, A. J. Morris, clerk of the election board, is authority for the statement that all names will go on the ballot as independents, without party designation. They will appear on the ballot in alphabetical order. The ruling applies outside of Lima. Separate tickets will be prepared here.

SPENCERVILLE TICKET

In Spencerville, the Democratic ticket will be:

Mayor, C. C. Laman; clerk, John W. Perry; treasurer, Ray Sawmiller; marshal, James Shippey; council, T. H. Post, J. F. Stuber, John Slope, W. J. Foster, George Sealy, Sam Mack; board of public affairs, L. N. Tracy, Ed Wright, O. I. Robinson; assessor, J. Mack Kennedy; board of education, Carl S. Shaffer, Vernon Hydaker, Charles Marbaugh.

Bath-tp Republican candidates are: Trustees, C. A. Landes, George A. Burns, Chas. L. Mason; assessor, Philo Bassitt; treasurer, C. M. Lender; clerk, L. H. Mason; constables, Harvey Luke, L. W. Roberts; justices, C. E. Mason, Oren Dickason; school board, W. C. McNett, Claude Miller.

The Republican ticket in Spencer-tp, among the last to be filed Thursday, is as follows:

Trustees, William Glantz, John I. Roberts, C. L. Douvan; clerk, E. P. Bussey; constable, Millnor Greer, J. E. Rigdon; assessor, William Bisley; treasurer, Isaac States; Board of Education, Charles Wisler, Mrs. Leslie McCarger, Mrs. W. W. Rupert.

FIGHT IN AMERICAN-TP

A hot fight on trustees looms up in American-tp, where there are seven candidates in the race for three places. Petitions for C. W. Flannigan, C. F. Barber, and Charles Neely, all Democrats, were filed late Thursday.

"Y." GIRLS ENJOY CORN ROAST AT "SPRINGSIDE"

HERALDING the approach of fall nights when steak, corn and marshmallow roasts in the open air are so greatly enjoyed, seventy-five members of the Y. W. C. A. were entertained at "Springside," the beautiful country home of Mrs. Davis J. Cable Thursday evening. Private machines were donated to Miss Mary Garford, physical director and the girls were driven to the Cable home, about four miles west of Lima.

The evening could not have been more pleasant for such an affair and shortly after their arrival at the farm, three huge fires were blazing merrily. A huge copper kettle in which the corn was roasted, hung over one fire, while at the other fire hamburger and marshmallows were prepared. Messrs. C. O. Stephens, Foss Zartman and Howard Fletcher assisted in performing the heavier work, while Mrs. Howard Fletcher, hospitality chairman, had charge of serving.

Mrs. R. O. Woods, well known Lima singer, gave several beautiful selections, while the girls sang Y. W. songs to the accompaniment of ukuleles and banjos. The delegates to the recent Lake Geneva, Wis. conference also gave their reports. These delegates were: Mrs. D. J. Cable, Mrs. R. O. Woods, Mrs. E. A. Yoakum, Misses Gail Parmenter, Ruth Seymour, Frances Vogel, Lulu Wall, Grace Fisher and Margaret Fisher.

Mrs. Louis Silverman, 540 W. McKibben-st., entertained a few intimate friends at cards Thursday afternoon, complimenting Miss Lela Cohen, Cleveland, bride-elect of George Lindenbaum, of this city. Miss Cohen was presented with a handsome gift as a remembrance of the occasion and at 5 o'clock a two-course lunch was served.

Guests for the afternoon were: Mrs. Frank Benjamin, Mrs. H. Grossman, Miss Ethel Grossman, Mrs. A. B. Grossman, Mrs. Peter Gould, Mrs. Louis Lotoff, Mrs. Joseph Myerson, Mrs. L. Shapiro, Mrs. J. H. Katchka, Mrs. H. Kanegsberg and the honored guest, Miss Cohen.

Miss Mary Martin has returned to her home in Toledo after a pleasant visit with Mr. and Mrs. W. C. Burns, N. Elizabeth-st.

Miss Lela Cohen, Cleveland, is the guest of Mr. and Mrs. Louis Silverman, W. McKibben-st.

Miss Clara Brunner, bride-elect of Rabbi Margolis, will be complimented at a luncheon to be given by Miss Harriet Lilienthal, Saturday afternoon at 1 o'clock, at the Hotel Norval.

Misses Frances Hoberhour and Angela Carvig have returned from a ten days vacation at Russell Point.

Miss Veldren Smith, for the past five years assistant to Miss Gamble at the Lima Public Library, will leave next week for Athens, where she will enter Athens University.

George Griffin, S. West-st., accompanied by his daughter Miss Grace Griffin, will leave shortly for Olean, New York, to visit relatives, after which Miss Griffin will proceed to Cambridge, Mass., where she will assume her duties as technician at Harvard University. Miss Griffin graduated from Ann Arbor, with the degree of B. A. and last year was a member of the University of Michigan teaching force.

Mrs. Theodore Scheide, W. Spring-st., is spending several weeks in New York state, visiting relatives and friends.

Miss Florence Mullen, S. West-st., accompanied by her sister Miss Madeline Mullen, will leave shortly for Notre Dame, Ind., where Miss Madeline Mullen will enroll at St. Marys College, Notre Dame. Miss Florence Mullen will go on to Chicago for a visit with relatives before returning home. Miss Mullen will also return to Notre Dame University this year to continue his studies.

Mrs. H. E. Schedline, Oakland Park Place, entertained the Bridge club Friday afternoon. Her guests were: Mrs. William Renz, Mrs. William Algire and Mrs. Francis O'Connor. Guests for the afternoon were: Mrs. Frank Sealts, Mrs. Orrin June, Mrs. Walter Renz, Mrs. Clarence Klingler, Mrs. R. I. Pearce, Mrs. Archibald Rogers, Misses Helen Bowers and May Armstrong.

Mrs. William Sundermann, and daughter Leona, Cincinnati, house guests of Mrs. Schedline were also present. Following the conclusion of the game, tea was served by the hostess at 5 o'clock.

Miss Mary Sullivan, bride-elect of Michael McAniff, Lima, was honored at a shower given by members of the L. C. B. at St. Rose auditorium, Thursday evening. Miss Sullivan was the recipient of many handsome gifts for her new home. Cards furnished diversion during the evening. Mrs. Dan Diamond proving successful at the close of the game. Dainty refreshments were served at 10 o'clock. The wedding of Miss Sullivan and Mr. McAniff will be an event of Wednesday, September 11.

Lima friends have received announcements of the marriage of Miss Hazel Whaley, daughter of Mrs. E. Whaley, 3 St. James-av., to Philip Sayles, Columbus. The ceremony took place Tuesday in St. Joseph, Mich., where the bride was visiting at the time. After an eastern trip Mr. and Mrs. Sayles will be at home in Columbus, where Mr. Sayles is engaged in the grain brokerage business.

Miss Opal Dixon of Lima was hostess to a party of her friends at dinner Wednesday evening at the home of her parents, Mr. and Mrs. C. H. Dixon, St. Marys. The party included the Dixon home, and included Misses Nina Scott, Marzetta Blosser, Irma Wright, Opal Dixon Messrs. Clifford Dixon, George Deikan and Robert Willoway.

"UNIVERSAL" FROCK HAS SPANISH AIR

Dress reformers are always showing us some kind of style which can be worn morning, noon and night, to get breakfast in and to wear to the opera, but usually they are modes which no one but a dress reformer would design to wear. Here is a new gown, however, which is really wearable for both afternoon and evening occasions. That is why it is called the "universal" frock.

The Spanish influence is clearly shown in this model with its black accordion pleated skirt and novel tassel trimming. The silk fringe tassels form a regular tunic on the frock. The unusual bodice resembles a Spanish shawl in lines and is edged in white and fastened at the waist with a large black and white ornament. As you see it here, it is the afternoon frock. When the shawl effect is removed, however, it easily appears in a sleeveless evening gown of straight lines which is very smart indeed.

QUARREL, FEAR TO MARRY

"Nineteen" Wonders If, After Marriage, They Can Agree

Dear Miss Smart:
I AM a young woman 19 years of age. For nearly a year I have been engaged to a young man of 21, and up until this time we have been happy with each other, but for little quarrels. He cares for me and

I love him, but we often argue over little matters and neither one wants to give in to the other. Do you think we will be happy after marriage, or will the little quarrels get more serious then?
NINETEEN

AS you are both very young, it might help matters to wait at least another year, before taking this step. Little faults of your fiancé which annoy you now during the engagement will be doubly annoying in the close companionship of the home. Make up your mind that you will not cause any dissension over matters which you admit are trifles, and do not always try to make your fiancé agree with you, as he probably resents being dictated to, even by you.

Dear Miss Smart:
Do music publishers buy photos for the covers of sheet music? Will you please give me the names of one or more of the daily papers in Akron?

JIGGS
I cannot answer your first question but you might try to some publisher for the information.

Two daily papers in Akron are the Beacon-Journal, and the Akron Press.

Dear Miss Smart:
Would appreciate very much if you would kindly inform me about the proper form of introduction. If I am with another girl and we meet a young man, how do I present them? If I am with my mother or an older person, whose name is mentioned first? Is there a general form of introduction, or is it according to the situation?

and then cook gently for 30 minutes. Add one-half teaspoonful each of salt and sugar to every pint. Seal in hot sterile jars.

WANT TO KNOW
Most people do not have set rules for introducing mutual friends, but the better way is to say in regard to your first question: Mr. A. allow me to present Miss B. (2) Always present your friend to your mother or older person saying: "Mother, this is my friend, So and So," giving the name.

Dear Miss Smart:
Will you please give me a recipe for canning tomatoes so they will keep thru the hot weather in tin cans or Mason jars? Also give me a recipe for making tomato ketchup?

S. E. B.
(1) Select sound, not over ripe tomatoes, cover with boiling water and remove the skins. Cut in pieces and cook slowly, not adding water. Let them come to the boiling point.

OBITUARY.
William Ranck, son of Alben and Jane Ranck, was born in Pickaway County, Ohio, December 24, 1859, and died at Lima, Ohio, August 31, 1921 at the age of 61 years, 8 months and 7 days.

He was married to Essie Raymond of Pickaway County in 1879, and to this union were born two children, Frank R. Ranck of Drumright, Oklahoma and Mrs. A. M. Wonnell of Cincinnati, Ohio.

Mr. Ranck has been a resident of Allen County for about 36 years, during which time he has made a host of friends. Mr. Ranck's death occurred within a year after that of his wife.

Besides the son and daughter mentioned above, there remain to mourn their loss, his father, Alben Ranck of Columbus, O.; Mrs. Lucy Shafter of New Hampshire, O.; Mrs. Edna Cunningham of Lima, O.; Mrs. Wm. Heimer of Columbus, O., and a large circle of friends in each community in which he has resided.

WANTED - A HUSBAND

By SAMUEL HOPKINS ADAMS

He gathered some loose stones and began idly to drop them over the rock's crest.

"There! You've given the alarm to the spy," she accused. "See him wiggling at you! Now he'll go and report."

"Darcy!"

"Well!"

"You don't mind my calling you Darcy, do you?"

"N-n-no, I like it."

"I wonder if you'll mind what I'm going to say now."

"I don't believe I should mind anything you would say."

"It's about the little song. The one that you set right for me."

"Our song," he repeated with a wistful emphasis on the pronoun. "Darcy, you won't sing that—to him—will you?"

"No," she said. Her eyes were dimly troubled and would not meet his. "I won't sing that—to any one again."

"Thank you," he said, humbly. "Oh, look!" she cried with an effort at gaiety. "The enemy! They approach!"

"It's go and meet 'em."

She jumped to her feet and pointed to a far stretch of the road where four figures were slowly moving along.

"The men seem to be turning off toward the village," he said, peering down into the valley.

"And the girls are coming on," said Darcy. "Probably, they've got the mail. Come along," she urged. "We must hurry. We'll take the Bungalow trail, and I'll wait while you put on your Veyze outfit. Then we'll catch the girls on their return from the farm."

Having carried thru the first part of this program, they took the road together. Upon catching sight of Darcy and her escort, Maud marched with an almost military front straight upon them, her fellow bride acting as rear guard.

"Darcy," said Maud, ignoring the now perfectly whiskered fiancé. "I should like to speak to you alone."

"What about, Maud?" Darcy asked.

"A private matter, which your fiancé can hear later," returned the uncompromising Maud.

"Please, Darcy," added Helen.

"Not at all," returned the girl with spirit. "Has it anything to do with Monty?"

"It has a great deal to do with him," was the grim response.

"Then he should hear it at the same time."

"Haw! By all means. Haw!" confirmed the fiancé, bringing his monocle to bear upon Maud and Helen in turn.

"Very well," said Maud in a voice. "Read that."

She thrust the newspaper into Darcy's hand, pointing to a pencilled paragraph on the front page. To Darcy's eternal credit be it said, she succeeded in preserving a calm and unperturbed face, while she read the paragraph, and then passed it to her waiting fiancé.

It informed the world that, for distinguished service in the aerial corps, the King of England had, on the previous day, personally decorated Sir Montrose Veyze, Bart., of Veyze Holdings, Hampshire, England.

For the death, disappearance, or capture of Sir Montrose Veyze, of Veyze Holdings, Hampshire, England, Darcy was duly prepared, in

a spirit of Christian fortitude and resignation. That same might mark him out, thus forcing the issue for her, was wholly unforeseen. It took her completely aback. The Darcy of a year before would have collapsed miserably under it. But this was a different Darcy. She faced the accuser with a quiet smile, back of which her thoughts ran desperately around in circles, like a herd of little rabbits cut off from cover.

"You've read what it says in the newspaper?" said Maud, in the accents of cross-examining counsel.

"Yes. Oh, certainly!"

"Then perhaps you can explain."

Darcy shot a swift glance at the bogus Sir Montrose. He also was smiling. Most illogically Darcy's heart began to sing a little private hymn of "Hate of its own." What did he mean, by standing there with a sickly grin on his silly face when the whole fabric of their mutual pretense was being riddled?

Herein she was ungrateful as well as illogical. The face was silly because she had compelled him to make it so. As for the rest, the smile was good enough of its kind. He was not smiling because he felt like it, but to conceal the fact that he was doing some high-pressure thinking of his own.

Darcy turned to the lowering front of the enemy.

"Well, you see," she said, with an air of great candor, after deliberately tearing out the paragraph, "it's rather an involved matter."

"I don't see anything involved about it," returned the lofty and determined Maud. "Who is this man?"

"Yes, who is he?" echoed Helen, coming mildly to her support.

From the corner of her eye the badgered girl could see the object of the inquiry. Still smiling! It was too much. Then and there Darcy committed that ignominious act known and reprehended in the higher sporting circles, wherein Andy Dunne moves as "passing the buck."

"You tell them, Monty," she said sweetly.

Of a great statesman, now dead, it has been written:

spired her to confess that she did secretly recall something about it, which was the more gratifying to the representative of Veyzes in that he had introduced the press feature on the inspiration of the moment.

The less impressionable Maud was not to be diverted from the main issue.

"Even if we knew all about your family it would not explain Sir Montrose Veyze being here in America at the same time that he is being received by the king in London."

"Wearing two swords. Doesn't the press report mention that? It should," put in the Veyze representative conscientiously piling up picturesque detail to embellish and fortify his case. "Don't forget that, please. It's a Veyze prerogative."

"Is it the Veyze prerogative to be in two places at once?" queried the cross-examiner. "Or there aren't two of you, I suppose?"

"Of course!"

The accused delivered the answer in a tone of calm and wondering contempt. Obviously he was incredulous that such ignorance as his interrogator displayed could exist in a Christian country.

"Two Sir Montrose Veyzes? Of the same name and title?" Maud was glaring, now.

"Of course! The famous Veyze twins. 'Two we're not really twins any more, you understand.'"

Under the calm and steady beam of the monocle, Maud weakened. "What are you famous for?" she asked, more amiably.

"Because there are two of us to the divided title. Bally hard for an Americans to understand, I'm afraid. It begins back in the early days of the title, quite before Columbus landed the Puritans at Bunker Hill, you know."

"Columbus wasn't a Puritan, dear," corrected Darcy.

"No," Nevah heard anything against the man's morals, that I can recall."

"Never mind Columbus," said the interested Helen. "Do tell us about the Veyzes."

"Right! Two brothers were born—twins, if you see? There was some natural confusion. Which was the heir—born first, you know? Nobody could tell. The king was stayin' at Veyze Holdings then for the shootin'; very famous shootin'."

The family referred it to him. Would he play the part of Solomon and decide? His majesty graciously acceded to the request. He decreed that the title should thenceforth be a dual one. It remained so ever since. The two eldest sons of the line inherit title and property jointly, and each carries two swords at court. There's Sir Montrose and Sir Montrose II. 'I'm II.'"

"How romantic!" breathed Helen.

"Ra-ther! We pride ourselves on that sort of thing, we Veyzes."

As the glory of his performance developed before her enraptured mind, the hymn of Hate died out within Darcy, to be succeeded by a Peacen of Praise.

"And now," said she severely. "I should think you girls might have the decency to apologize to Sir Montrose."

"Ra-ther!" confirmed her ally.

"Yes? And how?"

"Mr. Wood is trying to get the British embassy on long-distance 'phone."

"My respects to Lord Wyncome," said the undisturbed suspect. "But why go to so much

trouble? Surely there's a simpler way."

"How?" asked Darcy, wondering what fresh audacity was developing in that fertile brain.

"Don't you have—er—public libraries in your American towns?"

"Certainly."

"Then perhaps, there's one at Center Harbor."

"There is," answered Helen, so promptly that Darcy shot a glance of suspicion at her.

"What more easy than to drive over there at once," observed the

suspect blandly, "and consult their Burke."

"Burke's Peerage, you mean?" said Darcy. "Perhaps they haven't one."

"They haven't," hurtled Maud, and stopped, reddening.

"Apparently you've tried," remarked Darcy witheringly. "We appreciate your interest."

But Sir Montrose II was painfully shocked. "Not got a Burke!" he exclaimed. "Unbelievable!"

What a country! I'll send for one at once."

Impressed despite herself Maud Lee hesitated, looking from Darcy to her fiancé.

"It may be all right," she admitted, "but I don't see that it isn't. But until it is cleared up beyond a doubt, don't you think, Darcy, you ought to come and stay with us?"

"I think not," put in Darcy's escort quietly. "I'm taking Miss Cole back to the farm. If you've nothing further to add—"

"Nothing—now," answered the backed Mrs. Lee.

"Then we'll bid you good-day," safely around the curve they stopped and faced each other.

"You wonderful person!" gis-

sted Darcy hysterically. "How did you ever think of it!"

Assuming a grandiose pose, he declaimed:

"You may break, you may shatter, the Veyze if you will, But the scent of the Montrose will cling to it still."

"To get down to prosa, how long will it cling?" she asked thoughtfully.

"Allowing for inevitable official red tapes, I should say anywhere from twenty-four hours to a month."

RICKARD TO HUNT NEW BOXING MATERIAL

Declares Public Wants Change From Usual Run of Fighters

New material must be found, if boxing is to remain popular, Promoter Tex Rickard declared today, adding that the day of the mammoth purse and bankrupting seat prices is passing.

"Provision must be made for replacement material," he asserted.

"I am convinced that the public is tired of seeing the same boxers competing time and again."

With this idea in mind, Rickard is planning to increase the number of amateur bouts to be staged at Madison Square Garden this winter and he hopes to develop one or more prospective candidates in each weight class with championship possibilities.

While boxing bouts will be held in the local arena at least once a week after September 23, few bouts have as yet been arranged and no special efforts will be made by the promoter to card prominent boxers in any particular class.

WANTS NEW FIGHTERS

"Recent experiences and observations have led me to believe that the public wants new fighters in the ring," said Rickard. "With a few exceptions the champions and their nearest rivals have met several times, and the results of these contests have not always proved satisfactory. In some cases the bouts have had the appearance of being a routine affair. New and ambitious candidates for titles are needed to liven up the sport."

"Altho the average champion fails to realize it, the day of the mammoth purse and the super-priced seat in boxing is past. The public has not the money to spend that it had two years ago and prices in sport must fall as in other lines of luxuries and necessities."

PRaises COMMISH

"The boxing commission of New York state has taken a wise stand in requiring the boxers appear upon a percentage basis in place of flat guarantees. I shall, of course, make all future bouts on this basis and wherever possible put on popular priced shows."

"I have no particular star bouts in mind at present but hope to use Carpenter, Dempsey, Willard, Tom Gibbons and others during the next 12 months if reasonable financial terms can be reached. I have received a letter from Willard stating that he has started training but will require at least six months of work before he makes his attempt to regain the heavyweight title. That probably means that he will not box in a championship match before next summer."

Cubs Down Reds

CHICAGO — (Special) — With the help of a well pitched game by Virgil Cheever, Texan, the Cubs achieved a fifty-fifty split with the Reds in the abbreviated series which ended here Thursday afternoon.

Winning the second game by a score of 6 to 1, Nine hits gleamed by the Cubs went for a total of 18 bases. The seven safeties allowed the Reds were mostly of the one base variety.

Old Jake Daubert, veteran infielder of the Cincinnati crowd, was the hitting demon of the day. Jake lambasted the ball for four safeties in as many times to bat.

JOHNSON IN

DETROIT, Mich. — R. L. Johnson, of Braddock, Pa., the national five mile champion, is among the late entries for the Masonic Marathon to be run here tomorrow from the Masonic Temple to the Masonic Country Club, a distance of 22 1-2 miles.

Schou Christensen, Logan Square A. C. of Chicago, and Chuck Vellor, his team-mate, are other long distance sprinters expected to compete.

WILCE RETURNS

COLUMBUS — Dr. J. W. Wilce, head coach of the Ohio State University football team, 1920 Western Conference champions, returned to Columbus from his summer camp at Otego, Mich., today to assume the duties of the coming football season. He reports the prospects for this year's team to be just average.

Women in Zion City, Ill., are subject to arrest for wearing dresses not so low as to partially show or expose the neck and shoulders lower than the juncture of the base of the neck with the clavicle or collarbone.

BRITISH PAIRED

COLUMBUS — George Duncan and Abe Mitchell, British professional golf stars, are scheduled to appear here in a foursome September 14, paired against Jim Barnes, New York, and George Sargent, Columbus, at the Scioto Country Club.

Women, as a rule, are more careful in addressing their letters than are men.

Records Smashed

CAMP PERRY, O. — World shooting records are being smashed daily in the contests being held here under the auspices of the National Rifle Association. Higher scores than ever before will be necessary, range officials say, if future entrants hope to make a showing.

The United States Marines have one of the star contenders in Sergeant T. B. Crawley, who has a possible of 50 and a run of 166 additional bull's eyes.

Adams, Marines, of Lesterville, Mo., had a score of 50 plus 121 additional bull's eyes, both figures beating previous world record of 106 consecutive bull's eyes. Adams also broke the world record on the 1,000 yard range with 71 consecutive bull's eyes.

Proposed League Has Fallen Thru

WAPAKONETA — Efforts to organize a six-city baseball league for the remainder of the season, have been given up, O. W. Langhorst, manager of the Wapakoneta Reds and the originator of the movement, stated.

Manager Leo Schunck of the Celina team, held out when the plan was suggested and since lively interest that was manifested by the Lima, Delphos, Sidney, St. Marys and Troy teams had faded, Celina was anxious to enter. The proposition will be revived early in the season next year.

A new set of banking laws is being drafted for the Cuban republic with the assistance of Mrs. J. B. Newman, of Washington, D. C., who is an expert in Latin-American business affairs.

Called Fastest Man in Baseball

Maurice Archdeacon.

ROCHESTER, N. Y. — (Special) — Maurice Archdeacon, outfielder of the local International team, is now the speed king of baseball.

He recently set a new record for circling the bases, going around them in 13 2-5 seconds, bettering Hans Lobert's mark by two-fifths of a second.

Lobert's record had stood since '913. The distance is approximately 120 yards.

Archdeacon is twenty-two years old. He was a ball boy at the St. Louis park for several seasons and broke into the game in that way. He was purchased by the Rochester club a short time ago.

Net Stars Gather For Champ Tourney

PHILADELPHIA — With the weather fair, and barometric readings inspiring optimism that it would continue so thruout the day, more than a hundred of the world's best tennis players were gathered at the Germantown Cricket Club this morning for the United States National Lawn Tennis singles championship tournament.

The honor of opening the meeting was awarded to William T. Tilden, 11 holder of the world and United States titles, who was scheduled to take one of the championship courts at noon against Irving Wright, veteran of many tournaments and brother of Paul C. Wright, former national champion.

The seating capacity of the stands about 11,000, was virtually sold out for the day, and the big gallery assembled long before play began.

Sixteen other matches were scheduled at noon, but as indications were that they would prove more or less easy victories for the stars of greater magnitude involved — Howard Kinsey, Wallace F. Johnson, Willis Davis, C. V. Todd, of Australia and Phil Neer — they were placed on outside courts.

Other members of the squad laid up with injuries are: Boy Kay, captain of the team Joe Setron and Joe and Steve Harrick.

Loco Wins It's Series From Stars

When the Lima Locomotive works base ball team got to the offerings of one Mr. Waller in the fourth session for four runs, the hopes of the All-Stars went glimmering. It was at that period that the Loco gang placed the second and final game of the series in the refrigerator, and called it a good day's work.

The final score stood seven to one. But for a poor peg by McNamara in the eighth inning, Tommy Cunningham, working for the Engine builders would have registered a shutout.

However, in the afore mentioned eighth inning, Tommy Cunningham, and Joe Goodrich on first, with two men down, essayed to work a double steal. McNamara pegged to second to catch Goodrich, and Malloy headed for home. The peg to the key-stone bag, however, was not perfect, and Goodrich was safe by an exceedingly close margin. Malloy scored.

Waller, who opened the game for the All-Stars apparently was not in rare form. His chief assets on the mound appeared to be a prayer and a glove. The Locos scored once off of him in the second. In the fourth, however, the went hog wild, and tallied four times before Goodrich could get him off the hill.

COON CALLED IN

Don Coon was called to the rescue and this youngster pitched a sweet game of ball. "This true he allowed four hits, one of them going for a circuit clout. It was off the bat of Hilde's. But despite this, had Coon been placed on the hillock at the start, we believe the result of the contest would have been different.

Thursday's game was the final one of the series. The Locos took the city championship in two straight tilts from the All-Stars.

FAWCETT, STAGE GROWLER, IN MOVIES

REVIEW OF SCEN OFFERINGS AT LIMA THEATRES-DIRECTORY

GEORGE FAWCETT is an old timer who played more than half a hundred roles on the stage and now is adding up a long list of roles in the movies. His last was in "Sentimental Tommy." His next will be in "Peter T. Hutton."

Fawcett plays crusty old fellows. He growls well, tho of course that isn't recorded on the screen, but his scowl is recorded, and he has great eyebrows for that. (He has two trunks of poetry he has written—most of it sentimental.)

Fawcett, years ago, walked from the front door of the University of Virginia, diploma in hand, and into the back door of the theater. It wasn't long before he had a place in the company of the Italian tragedian, Salvini.

Fawcett is recognized as one of the best character actors of the screen, for which he is well equipped by his long stage career in America and England.

He appeared in many plays. But like many capable actors he remained inconspicuous for many years. His first fame was won in 1918. That was in London in "The Great John Danton."

White Chickens Is Missing Link In This

A Moore's newest picture, which is "The Chicken in the Case," may offend the good taste of a few fastidious ones, there really isn't the slightest hint of vulgarity in it, and those who don't go to see the picture will deprive themselves of a good deal of pleasure.

Mr. Moore's latest is of the spinster aunt—perturbed nephew—convenient friend—musical comedy brand. It was once called "Lend Me Your Wife," but after due consideration it is said that the star for good reasons of his own, balked at that title. So they called it what they called it, and that's that.

The production is rather deceptive at first, for it tries to be funny and for a time isn't. Then everybody warms up with more and more frequent precipitation of Vivian O'Brien, as the spinster aunt, into the scenes, and the laughs begin to come thick and fast.

Well, the space is all used up and you don't know the story. (Not that we meant to tell it in the first place.) But you're pretty sure to like "The Chicken in the Case," because it's clean comedy all the way thru. At the Lyric today and Saturday.

Faurot—"Robin Hood"

FOR his revival of the Reginald DeKoven opera, "Robin Hood," Ralph Dunbar, the successful Chicago producer of the best in the operatic field, is receiving numerous complimentary letters from music lovers thruout the country. He is bringing the big attraction to Lima Saturday afternoon and night for two performances at the Faurot Opera House, opening the local theatrical season.

Reginald DeKoven was born at Middletown, Conn., April 23rd, 1859. He was educated in England and took his degrees at Oxford in 1879. Meanwhile he studied the piano and after his graduation, went to Germany where he continued his piano course and in addition took up composition. He also studied singing with Vaucellini in Italy and operatic composition with Dellbes and Genes. The best of the DeKoven operas are "The Beguine" (1887), "Don Quixote" (1889), "Robin Hood" (1889), "The Algerian" (1892), "Rob Roy" (1894), "Maid Marian" (1901), and "Happy Land" (1905).

Faurot—"Deception"

THE great Paramount screen spectacle, "Deception," opens a brief engagement at the Faurot next Sunday afternoon. This wonderful production was directed by Ernest Lubitsch, who directed "Passion." The principal male character is Henry VIII, the greatest domestic villain of history. Hus-

band of eight wives, he moved with the tread of a kingdom to crush a woman's heart. It is acted by Emil Jannings, who played the king in "Passion." Anne Boleyn is acted by Henry Porten, Europe's greatest emotion-actress. 7000 persons take part in the play.

Jack Sennett has completed "Mickey," a movie which features Mabel Normand and is in the style of "Mickey."

Virginia Valli is to play opposite Bert Lytell again. This time in "The Right That Failed."

Bessie Love studies dancing to entertain when she makes personal appearances.

THEATRE DIRECTORY

THE FAUROT:—Ethel Clayton has the leading role in "Wealth" appearing today at the Faurot Opera House. Herbert Winslow appears opposite.

THE REGENT:—Constance Talmadge is starred in "Wedding Bells" appearing today at Saturday at the Regent theatre. Also a Henry Lehrman comedy feature.

THE SIGMA:—"Dream Street," with Carol Dempster, Ralph Graves, and Charles Ack, is the Sigma's special attraction today and Saturday.

THE MAJESTIC:—William S. Hart has the leading role in "The Testing Block" appearing today and Saturday at the Majestic theatre.

THE RIALTO:—Marguerite Clark is starred in "Widow by Proxy" at the Rialto today and Saturday.

APPINGS:—"Footlights" featuring Elsie Persson, is ready for exhibition. It is on a tale by Rita Weiman.

MUTT AND JEFF—QUITE SO, THERE'S SUCH A THING AS TOO MUCH SYSTEM—

By BUD FISHER

BRINGING UP FATHER—

By McMANUS

SHORT SHAVINGS

"Coppers—rusty, suspicious, interfering bunks," exclaimed Bill.

"Always sneakin' about where not wanted. I fairly 'ates a copper. An' now I reads in the papers about a feller being charged with pre-tendin' to be one!"

"A feller would pretend to be a copper," rejoined his pal darkly, "and do ANYTHING."

There are times when we are actually compelled to take hat from head to W. Randolph Hearst, espec-

ially when he allows in his medium of information (at times) the statement that "maybe the reason most floorwalkers wear a flower in their buttonholes is because it wouldn't stay in their hair."

He was a stupid looking, open-mouthed rustic type, selected by a moving picture director to play the part of a country store hanger on. He fitted perfectly into the picture, but his restless curiosity about the camera proved a source of annoyance. Every time the photographer started grinding the old rustic would get close up and gaze. The climax came when he bumped into the camera and set it swaying on its stand. The director rushed up angrily.

"What's the matter with you? Have you lost your mind?" he said. "Mebbe," said the old man. And then added thoughtfully: "But I don't miss it none."
